bers for three years and one such member for one year; in Precinct 3, four such members for three years, two such members for two years and one such member for one year; in Precinct 4, six such members for three years; in Precinct 5, five such members for three years; in Precinct 6, six such members for three years and one such member for two years; in Precinct 7, six such members for three years, two such members for two years and two such members for one year; in Precinct 8, six such members for three years, one such member for two years and one such member for one year; in Precinct 9, five such members for three years; in Precinct 10, six such members for three years and one such member for one year; in Precinct 11, six such members for three years; in Precinct 12, seven such members for three years and one such member for two years; in Precinct 13, six such members for three years; in Precinct 14, six such members for three years, two such members for two years and one such member for one year.

For these purposes, the polls will be opened at seven o'clock A. M. and remain open until eight o'clock P. M., at each of the polling places designated, viz; Precinct One, in the Crosby School Building, entrance on Winter Street; Precincts Two and Four, in the Hardy School Building, entrance on Lake Street; Precincts Three and Five, in the Junior High School Building East, entrance on Tufts Street; Precincts Six and Eight, in the Town Hall; Precincts Seven and Nine, in the Russell School Building; Precinct Seven, entrance on Medford Street; Precinct Nine, entrance on Mystic Street; Precincts Ten and Twelve, in the Cutter School Building, entrance on Robbins Road; Precinct Eleven, in the Highland Hose House, entrance on Massachusetts Avenue; Precinct Thirteen, in the Peirce School Building, entrance on Park Avenue North, Heights; Precinct Fourteen, in the Locke School Building, entrance on Park Avenue, Heights.

You are, also, required to notify and warn the said inhabitants to meet at the Town Hall, in said Town on Friday, the twelfth day of March, 1943, at eight o'clock in

the evening, at which time and place the following articles are to be acted upon and determined exclusively by town meeting members, in accordance with, and subject to, the referenda provided for by Chapter 43A of the General Laws.

Article 2. To choose and appoint all other usual Town officers not hereinbefore mentioned, in such manner as the Town may determine.

Article 3. To hear and act on the reports of the permanent committee under vote of the Town passed March 24, 1919, on the Town Yard; of the committee under vote of the Town passed March 30, 1938, to investigate the parks and playgrounds within the Town and to report and make recommendations for their development and improvement; of the committee under vote of the Town passed April 1, 1940, to study the advisability of creating a central purchasing department; of the committee under vote of the Town passed March 19, 1941, to study the advisability of constructing a plant to generate electricity; and of other Town Boards and officers and of the Finance and other committees heretofore appointed.

Article 4. To see if the Town will make an appropriation or appropriations for the payment to the County of Middlesex of amounts assessed upon or otherwise payable by the Town for: (a) the Town's share of the care, maintenance and repair of Middlesex County Tuberculosis Hospital during the last preceding calendar year, including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto; (b) the Town's share of any and all other expenses in connection with said hospital, including expenses under section 25G (6) (a) of Chapter 32 of the General Laws inserted by Chapter 400 of the Acts of 1936; determine in what manner the money shall be raised and expended; or take any action relating to said hospital or any other thing herein mentioned.

Article 5. To see if the town will take any action

relative to providing special compensation for elected and appointed officers and employees of the Town, as a temporary measure for the year 1943, to meet increased living costs in the present emergency; determine in what manner such compensation, if any, shall be raised and expended; or take any action relating thereto.

Article 6. To see if the Town will appropriate the sum of Thirty-two Thousand Dollars (\$32,000) or any other sum to be expended under the direction of the Board of Public Works for the purpose of compensating the employees of the department because of the rising high cost of living; to compensate by an additional Fifteen per cent (15%) all employees whose yearly rate does not exceed Twenty-four hundred dollars (\$2400); to compensate by an additional Twelve and one-half per cent (12½%) all employees whose yearly rate does not exceed Thirty-two hundred dollars (\$3200); to compensate by an additional Ten per cent (10%) all employees whose yearly rate does exceed Thirty-two hundred dollars (\$3200); said compensation to be retroactive to January 1, 1943; determine in what manner the money shall be raised; or take any action relating thereto.

(Inserted at the request of more than ten (10) registered voters)

Article 7. To make appropriations to defray Town obligations, liabilities, outlay and expenses and especially for or relating to all or any of the boards, departments, purposes and matters hereinafter mentioned, and to provide for the disposal of motor vehicles or other personal property belonging to the Town; determine in what manner the money shall be raised and expended; or take any action relating thereto.

CONSTABLE'S RETURN

Commonwealth of Massachusetts, Middlesex, ss.

Arlington, Feb. 26, 1943

By virtue of this Warrant I have notified and warned the legal voters of the Town of Arlington to meet at the times and places and for the purposes herein specified by causing a printed attested copy of said Warrant to be left at every dwelling house in the town previous to the day of the meeting for the election of officers and by posting an attested copy of said Warrant at the doors of the Town Hall and in two or more conspicuous places in each of the fourteen precincts of the Town, seven days at least before the day of said meeting. A notice of the times, places and objects of the meetings was published in the local papers.

(signed) JAMES J. GOLDEN, JR.,

Constable of the

Town of Arlington, Mass.

Arlington, Mass., March 1, 1943

In pursuance of the foregoing Warrant the legal voters of the Town of Arlington met in their respective voting places in said Town on Monday the first day of March in the year of our Lord one thousand nine hundred and forty-three at seven o'clock in the forenoon.

The following places were designated as the voting places for the various precincts.

Precinct One, in the Crosby School Building, entrance on Winter Street; Precincts Two and Four, in the Hardy School Building, entrance on Lake Street; Precincts Three and Five, in the Junior High School Building East, entrance on Tufts Street; Precincts Six and Eight, in the Town Hall; Precincts Seven and Nine, in the Russell School

Building; Precinct Seven, entrance on Medford Street; Precinct Nine, entrance on Mystic Street; Precincts Ten and Twelve, in the Cutter School Building, entrance on Robbins Road; Precinct Eleven, in the Highland Hose House, entrance on Massachusetts Avenue; Precinct Thirteen, in the Peirce School Building, entrance on Park Avenue North, Heights; Precinct Fourteen, in the Locke School Building, entrance on Park Avenue, Heights.

The election officers, having been duly appointed by the Selectmen, and sworn to the faithful performance of their duties, were assigned for duty at the various precincts.

The necessary ballots prepared for each precinct and all other paraphernalia for the proper conduct of the election was supplied by the Town Clerk and turned over to the officers of the various precincts.

The polls were declared open in each precinct at seven o'clock in the morning and remained open until eight o'clock in the evening at which time, after due notice, they were declared closed.

The ballots were counted by the election officers and encased in boxes, which were locked and sealed, and the same were delivered by direction of the Town Clerk to the Police Station where they were placed under police guard until after the expiration of the time within which a petition for recount might be filed.

The returns and keys to ballot boxes from each precinct were turned over to the Town Clerk and with the assistance of the Registrars of Voters and Mr. Clarence Needham the returns were canvassed and the result announced.

Attest:

EARL A. RYDER,
Town Clerk.

ANNUAL MEETING

Arlington, March 12, 1943.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town by a Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings, in Arlington, and advertised in two local papers, the Town Meeting Members met in Robbins Memorial Town Hall in said Town on Friday, March 12, 1943 at eight o'clock in the evening.

Lists containing the names of two hundred and fifty-three qualified Town Meeting Members were used at the entrance to the meeting place and were in charge of Philip T. Robinson and James E. Sweeney; they were filed with the Town Clerk at the close of the meeting, and showed that one hundred and eighty-six members attended.

The Moderator called the meeting to order at 8:15 P. M., and at his request the Assembly stood and sang one verse of the National Anthem.

Town Meeting Members not previously sworn were sworn by the Moderator.

There being no objection to the request of Chairman Estabrook, permission was granted to Mr. Adams and Mr. Davis of the Board of Selectmen; Mr. Golden, the Secretary of the Board of Selectmen; Mr. Smith and Mr. Marsh of the Board of Public Works, and Mr. Addison R. Pike, Acting Town Counsel to sit with him during the meeting.

The Town Clerk read the call for the Meeting and the Constable's Return of the Warrant; the reading of the Warrant was duly waived.

On motion of Chairman Estabrook, duly made and seconded, it was unanimously

VOTED: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session, when the meeting adjourns, it adjourn to Monday evening, March 15, 1943, at 8 o'clock.

Chairman Estabrook presented the following Resolution in Memoriam of Nelson B. Crosby.

With profound sorrow we record the passing on March 6, 1943, of Nelson B. Crosby in the thirteenth year of his service to the Commonwealth of Massachusetts and the Town of Arlington, as a representative in General Court for the Twenty-Eighth Middlesex District.

His deep and sincere interest in the affairs of our community and his devoted loyalty through the years made of him a tower of strength, and his death will be a distinct loss to the Commonwealth and the Town and to all who knew him as a friend and counsellor.

His honesty, modesty, industry, judgment, fairness and kindness have endeared him to us and have set a standard for the Town, of which its citizens are justly proud.

He rendered loyal and diligent service during seven consecutive terms of his incumbency as such representative and as a member of the Board of Selectmen during the years from 1922 to 1928, and was ever on the alert to combat movements prejudicial to the interest of the Town generally and to devise and promote measures for its advancement.

WHEREAS, it has pleased God in His infinite wisdom to call him to his eternal reward, it is our desire that a proper recognition of his memory be recorded; now, therefore,

BE IT RESOLVED; that the citizens of Arlington in Annual Town Meeting assembled, hereby express their sense of irreparable loss at his untimely passing and in appreciation of his splendid services, and

BE IT FURTHER RESOLVED; that a copy of this resolution be suitably and fittingly inscribed and presented to his family and a copy be spread upon the records of this meeting.

and on motion duly made and seconded, it was unanimously adopted; and as a further tribute, the Assembly stood in silence for two seconds.

On motion of Chairman Estabrook, duly seconded, it was unanimously

VOTED: That Article 2 be taken up.

Article 2 taken up (Choice of Other Town Officers).

On motion of Chairman Estabrook, duly seconded, it was unanimously

VOTED: That the following be appointed Measurers of Wood and Bark.

Arthur B. Peirce

Charles E. Hale

Patrick F. Brosnahan

There being no further business under Article 2 the Moderator declared it disposed of.

On motion of Chairman Estabrook, duly seconded, it was unanimously

VOTED: That Article 3 to be taken up.

Article 3 taken up (Reports of Selectmen, other Town Officers and Committees)

On motion of Chairman Estabrook, duly seconded, it was unanimously

VOTED: That the reports of the Selectmen and of the various Town Officers and the committees heretofore appointed, together with the statistics of the Assessors as printed in the Town Report, be received.

On motion of Chairman Ring, duly seconded, it was unanimously

VOTED: That the report of the Finance Committee as presented in its printed form be received.

Chairman Estabrook presented the following statement in connection with the submission of the Selectmen's

Report of the Board of Selectmen of Position Classification and Salary Standardization Survey of All Town Departments.

In accordance with the provisions of the vote passed under Article 52 of the Adjourned Annual Town Meeting held on March 13, 1942, the Board of Selectmen herewith submits the report prepared by Public Administration Service on "A Salary and Wage Survey" for the Town of Arlington.

In addition to the recommended compensation plan for the various classes of positions established by the survey, there is included therein a brief outline of the purpose and scope of the survey; a proposed set of rules to guide the various Town officials, boards and committees in operating the classification and compensation plans; a schematic index of the classes established; an allocation list assigning each of the specified positions to the appropriate class; and specifications setting forth the title and defining the positions falling within each class.

This report has been made in accordance with the proposal submitted by Public Administration Service and accepted by the Board of Selectmen.

In anticipation of the appointment of the committee requested under Article 23 of the 1943 Annual Town Meeting, the Board of Selectmen suggests that this report of said Public Administration Service be received and referred to the committee to be appointed under said Article 23, as a guide and aid to assist the members thereof in the investigation and study of establishing, with the approval of the Civil Service Commission, a classification of positions and a plan for standardization of wages and salaries for all departments of the Town.

Respectfully submitted,

(signed) HAROLD M. ESTABROOK
(signed) WILLIAM C. ADAMS
(signed) WILLIAM F. DAVIS, JR.

and on motion duly made and seconded, it was

VOTED: That the report be received.

Mr. William S. Patterson presented the report of the *Park and Playground Improvement Committee* and on motion duly made and seconded, it was

VOTED: That the report be received.

Mr. P. Joseph McManus stated that the *Committee on Plant To Generate Electricity* considered it inadvisable under present conditions to spend the time and energy to study the problem before them, and for the present merely wished to report progress.

On motion of Chairman Ring, duly seconded, it was unanimously

VOTED: That Article 3 be laid on the table.

On motion of Chairman Ring, duly seconded, it was unanimously

VOTED: That the remaining articles in the Warrant be now taken up separately in the order in which they appear in said Warrant, and that the recommendations of the Finance Committee under said articles as presented in their printed report be considered as now before the meeting, to be voted upon without further motion, separately, under the respective articles as they appear in said report.

Article 4 taken up (Assessment for County Hospital)

On motion, duly made and seconded, it was unanimously

VOTED: That the sum of sixteen thousand two hundred forty eight and 42/100 (16,248.42) dollars be and hereby is appropriated for the Town's share of the net cost of care, maintenance and repair of the Middlesex County Tuberculosis Hospital during the last preceding calendar year, including interest on Temporary notes is-

sued thereof, in accordance with sections of Chapter 111 of the General Laws, applicable thereto, and expenses under Section 25 G (6) (a) of Chapter 32 of the General Laws inserted by Chapter 400 of the Acts of 1936; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

There being no further business under Article 4 the Moderator declared it disposed of.

Article 5 taken up. (Special Compensation for Town Officers and Employees)

The Finance Committee recommended the following vote:

(Reading of which was dispensed with)

Moved: That the sum of one hundred seventeen thousand six hundred forty (\$117,640.00) dollars, to be raised by general tax, be and hereby is appropriated to provide temporary extra compensation for services rendered and labor performed by certain Town Officers and employees during the current financial year to meet increased living costs in the present emergency.

Four quarterly payments from said sum, beginning April 1, 1943 are hereby authorized as follows: to the Treasurer-Collector, and the Town Clerk, \$45.00 each, and to all regular Town employees, in amounts equal to 18 per centum of the amounts of their respective salaries as fixed by votes under Article 7 of the warrant for this meeting, paid or payable to them for the preceding quarter and to all regular town employees in amounts not exceeding 18 per centum of the salary or wages paid or payable to them for services rendered or labor performed in the preceding quarter, as the school committee and other boards and departments by whom they are respectively appointed or employed may determine.

Said payments shall be based upon the regular rates of compensation in effect on the first day of January, 1943,

and such increased rates, only, as may become operative under any established plan for "step rate" increases then effective, and no such quarterly payment shall exceed forty-five dollars in amount or a proportionate part thereof for a part of a quarter for which regular salary or wages may be payable.

No elected officer other than those hereinbefore named shall be entitled to the extra compensation hereby provided and no employees other than school teachers, shall be deemed to be a regular town employee and as such entitled to extra compensation hereunder unless his principal source of income is salary or wages paid by the town and he shall have worked for the town full time during at least nine weeks in any quarter for which payments hereunder are authorized.

The action hereby taken or taken by authority hereof, shall not be construed as permanently increasing salaries or wages, nor shall payments made hereunder be deemed to be part of the regular compensation of any town officer or employee.

The sum hereby appropriated is allocated for expenditure by the respective department heads as follows:

A True Record, Attest:

EARL A. RYDER,

Town Clerk.

ADJOURNED TOWN MEETING

March 15, 1943.

Pursuant to the vote of Adjournment of March 12, 1943, the Town Meeting Members met in the Town Hall on Monday evening, March 15, 1943 notices having been sent to the Town Meeting Members.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Philip T. Robinson and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that one hundred and seventy-four members attended.

The Moderator called the meeting to order at 8:15 P. M.

At the suggestion of the Moderator the Assembly sang one verse of the National Anthem led by Mr. Einzig accompanied at the piano by Gregg Larkin, High School student.

Town Meeting Members not previously sworn were sworn by the Moderator.

Chairman Estabrook offered the following which was duly seconded,

VOTED: That if all the business of the Meeting as set forth in the Warrant is not disposed of at this session, when the Meeting adjourns it adjourn to Wednesday evening, March 17, 1943, at 8 o'clock.

Mr. P. Joseph McManus suggested that as many members could not attend March 17th that the date be changed to the 18th, but as Chairman Estabrook stated the Hall was engaged that evening, Mr. McManus suggested the 19th, and, on motion duly made and seconded, it was on a rising vote 74 YES and 50 NO

VOTED: That if all the business of the Meeting as set forth in the Warrant is not disposed of at this session, when the Meeting adjourns it adjourn to Friday evening March 19, 1943, at 8 o'clock.

Article 13 taken up. (Relaying the Reservoir Water Main—Massachusetts Avenue)

VOTED: That the sum of nine thousand seven hundred seventy-four (9,774) dollars be and hereby is appropriated for the purpose of relaying the Reservoir Water Main in Massachusetts Avenue from a point near Mill Street to West of the Highland Fire Station, a distance of approximately three thousand four hundred fifty (3,450)

feet; said sum to be raised by general tax and expended under the direction of the Board of Public Works.

There being no further business under Article 13 the Moderator declared it disposed of.

Article 14 taken up. (Sidewalks and Edgestones)

On motion, duly made and seconded, it was unanimously

VOTED: That the sum of five thousand (5,000) dollars be and hereby is appropriated for the construction of permanent sidewalks and for the installing of edgestones in the year 1943; said sum to be raised by general tax and expended under the direction of the Joint Board of Selectmen and Board of Public Works.

There being no further business under Article 14 the Moderator declared it disposed of.

Article 15 taken up. (Relocation, Alteration, Widening, Construction of Town Ways)

On motion, duly made and seconded, it was unanimously

VOTED: That the sum of one thousand (1,000) dollars be and hereby is appropriated for maintaining, repairing and improving ways within the Town, said appropriation to be used with any sum or sums which may be allotted by the Commonwealth or the County of Middlesex or both, for such purpose or purposes; and that said sum be raised by general tax and expended under the direction of the Board of Public Works.

There being no further business under Article 15 the Moderator declared it disposed of.

Article 16 taken up. (Claims or Charges of Symmes Arlington Hospital)

On motion, duly made and seconded, it was unanimously

VOTED: That the sum of six thousand eight hundred and 95/100 (6,800.95) dollars be and hereby is appropriated to pay claims and charges of Symmes Arlington Hospital, including such claims and charges for aid, relief or care furnished prior to January 1, 1943, to persons falling into distress and standing in need of immediate relief; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

There being no further business under Article 16 the Moderator declared it disposed of.

Article 17 taken up. (Preservation of Health and Protection of Persons and Property)

On motion, duly made and seconded, it was unanimously

VOTED: That the sum of five thousand (5,000) dollars be and hereby is appropriated to provide for such means, within the authorization of the Commonwealth Emergency Defense Act of 1941, or other legislation now in effect or hereafter enacted, as may be necessary in the present national emergency for the preservation of health and the protection of persons and property in the town, and for any purposes incidental to civilian defense; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

There being no further business under Article 17 the Moderator declared it disposed of.

Article 18 taken up. (Expenses — Arlington Rationing Board No. 49)

The Finance Committee recommended the following:

That the sum of fifteen hundred (1,500) dollars be and hereby is appropriated to defray the necessary expenses of the Arlington Rationing Board No. 49; said sum to be raised by General tax and expended under the direction of the Board of Selectmen.

Mr. Beecy offered the following substitute motion:

That the sum of fifteen hundred (1,500) dollars be and hereby is appropriated to defray the necessary expenses of the Arlington rationing Board No. 49; Five hundred (500) dollars to be given as a gift and to be evenly divided among the personnel who are not on any payroll; said sum to be raised by general tax and expended under the direction of the Board of Selectmen

The Moderator and Acting Town Counsel ruled it illegal, and no further action was taken.

Thereupon on motion, duly made and seconded, it was

VOTED: That the sum of fifteen hundred (1,500) dollars be and hereby is appropriated to defray the necessary expenses of the Arlington rationing Board No. 49; said sum to be raised by general tax and expended under the direction of the Board of Selectmen.

The Finance Committee recommended the following:

That a committee is hereby established to consist of five (5) registered voters of the Town to be appointed by the Moderator, one of whom shall be a member of the Board of Selectmen, for the purpose of investigating the advisability of insuring all or part of the Town's property with mutual insurance companies; said committee to report the result of its investigation with recommendations at a town meeting not later than the annual meeting of 1944.

Mr. Harris offered the following substitute motion, which was duly seconded:

That a committee is hereby established to consist of five (5) registered voters of the Town to be appointed by the Moderator, one of whom shall be a member in the employ of a mutual insurance company, one of whom shall be in the employ of a standard insurance company, the remaining three shall be disinterested voters of the Town; for the purpose of investigating the advisability of insuring all or part of the Town's property with mutual insurance companies; said committee to report the result of its investigation with recommendations at a town meeting not later than the annual meeting of 1944.

Mr. Barker offered an amendment thereto as follows:

On Page 43, Article 38, in line 5 of the motion, after the words "insurance companies" insert 'and the advisability of increasing and using the municipal buildings insurance fund' so that the motion as amended will read

Voted: That a committee is hereby established to consist of five (5) registered voters of the Town to be appointed by the Moderator, one of whom shall be a member of the Board of Selectmen, for the purpose of investigating the advisability of insuring all or part of the Town's property with mutual insurance companies and the advisability of increasing and using the municipal buildings insurance fund; said committee to report the result of its investigation with recommendations at a town meeting not later than the annual meeting of 1944;
but it was ruled out of order.

Chairman Estabrook asked what was meant by "standard", and Mr. Harris explaining that he meant "stock" he was permitted to so change his motion and later was permitted to add to it "and VOTED: that the sum of fifty dollars (\$50.00) be and hereby is appropriated for necessary expenses to be incurred by the committee; said sum to be raised by general tax".

A vote was called for, and being in doubt as to the result the Moderator called for a rising vote; 79 voting YES and 42 voting NO, the Moderator declared the motion carried.

Thereupon on motion, duly made and seconded, it was

VOTED: That a committee is hereby established to consist of five (5) registered voters of the Town to be appointed by the Moderator, one of whom shall be a member in the employ of a mutual insurance company, one of whom shall be in the employ of a stock insurance company, the remaining three shall be disinterested voters of the Town; for the purpose of investigating the advisability of insuring all or part of the Town's property with mutual insurance companies; said committee to report the result of its investigation with recommendations at a Town meeting not later than the annual meeting of 1944; and

Voted: that the sum of fifty dollars (\$50.00) be and hereby is appropriated for necessary expenses to be incurred by the committee; said sum to be raised by general tax.

There being no further business under Article 38 the Moderator declared it disposed of.

By virtue of this warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein specified by causing a printed attested copy of said warrant to be left at every dwelling house in the Town, and by posting an attested copy of said warrant at the doors of the Town Hall and in two or more conspicuous places in each of the fourteen precincts of the Town, seven days at least before the day of said meeting. A notice of the time, place and objects of the meeting was published in the local papers.

JAMES J. GOLDEN, JR.,
*Constable of the Town of Arlington,
Massachusetts.*

SPECIAL TOWN MEETING

Arlington, Mass., November 29, 1943.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town by a Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings, in Arlington, and advertised in two local papers, the Town Meeting Members met in the Robbins Memorial Town Hall in said Town on Monday, November 29, 1943 at eight o'clock in the evening.

Lists containing the names of two hundred and fifty qualified Town Meeting Members were used at the entrance to the meeting place and were in charge of Philip T. Robinson and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that one hundred and thirty-eight attended the Meeting.

The Moderator called the meeting to order at 8:12 P. M.

At the suggestion of the Moderator the Assembly stood and sang one verse of the National Anthem.

One Town Meeting Member not previously sworn was sworn by the Moderator.

Chairman Estabrook requested that Mr. Adams and Mr. Davis of the Board of Selectmen; Mr. Golden, the Secretary of the Board of Selectmen; Mr. Smith and Mr. Marsh of the Board of Public Works; and Mr. James H. Young, Secretary of the Finance Committee, be permitted to sit with him, and his request was granted.

The Town Clerk read the call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by consent of the meeting.

On motion of Chairman Estabrook, duly made and seconded, it was unanimously

VOTED: That if all the business of the meeting as set forth in the Warrant is not disposed of at this session, when the meeting adjourns, it adjourn to Wednesday evening, December 1, 1943 at 8 o'clock.

On motion of Chairman Estabrook, duly seconded, it was unanimously

VOTED: That Article 1 be taken up.

There being no further business under Article 5 the Moderator declared it disposed of.

Article 6 taken up. (Wages of Employees — Public Works Department)

On motion, duly made and seconded, it was

VOTED: That no action be taken under Article 6 of the warrant.

(The Moderator declared the motion carried).

There being no further business under Article 6 the Moderator declared it disposed of.

Article 7 taken up. (Increased Compensation for Town Officers and Employees)

On motion, duly made and seconded, it was unanimously

VOTED: That the sum of forty-seven thousand eight hundred sixty-two 65/100 (\$47,862.65) dollars, be and hereby is appropriated for the purpose of providing an extra special compensation to provide for payment on or about December 15, 1943, for services rendered and labor performed by certain Town Officers and Employees, in addition to that voted by the Town under Article 5 at the Annual Meeting held March 12, 1943, all amounts and percentages to be predicated upon the basic salaries or wages, excluding overtime and extras, received during the period of employment and subject and determined upon the follow-

ing circumstances and conditions: To those, who on the first pay roll date in December, 1943, have been regularly and continuously employed for the preceding eleven months and whose basic pay has totaled \$1350.00 or less, five (5%) per cent of said basic pay; and to such of those whose basic pay has totaled \$1351.00 or more, the sum of \$77; to those, who on the first pay roll date in December, 1943, have been regularly and continuously employed for 13 weeks or more immediately preceding said pay roll date, five (5%) per cent of the total basic pay received, but not to exceed \$77; to those who have left the employ of the Town during the year 1943 to become members of the Armed Services of the U. S. five (5%) per cent of the total basic pay received while so employed regardless of the period of such employment, but not to exceed \$77; all elected officials, except the Treasurer-Collector and Town Clerk, are specifically excluded from receiving any portion of this extra compensation; no employee who has left the employ of the Town during the year 1943, either permanently or on leave of absence, other than those in the Armed Services of the U. S. shall be entitled to this extra special compensation; the word continuously as used herein shall not apply to vacation periods; the action hereby taken, or taken by authority hereof, shall not be construed as permanently increasing salary or wages, nor shall payments made hereunder be deemed to be part of the regular compensation of any Town Officer or employee; the foregoing sums and amounts to be expended by the various boards and heads of departments and to be charged to the appropriation made under this Article. Said sum to be taken from the unexpended balance of the following appropriations: Works Progress Administration Projects and Employment of the Poor on Town Work, thirty-nine thousand eight hundred sixty-two 65/100 (\$39,862.65) dollars; Easements in Land, 1940, fifteen hundred (\$1500) dollars; Easements in Land, 1941, fifteen hundred (\$1500) dollars; Public Welfare, Aid, five thousand (\$5000) dollars.

Mr. George A. Harris offered the following motion:

That a Fact-Finding Committee be appointed by the Moderator to investigate the wage situation of Town employes as compared to other industries in the Greater Boston area;

That said committee to consist of five people, one to be the Town Auditor, one to be a member of the Finance Committee, one to be a Public Works employe of that group's own choosing, and two Town Meeting Members;

That said committee be instructed to bring back a report of such comparisons including all information pertinent to the cost of living increase in the past three years together with definite recommendations in the form of Warrant Articles for the Annual Town Meeting of 1944;

And that the sum of \$33.06 be and hereby is appropriated from the unexpended balance of the Committee to Study the Advisability of a Central Purchasing Department, for the use of the appointed Fact-Finding Committee.

The Moderator ruled it out of order because of the appropriation contained therein. Whereupon Mr. Harris deleted the last paragraph.

The revised motion being put to a vote the Moderator declared it lost.

There being no further business under Article 7 the Moderator declared it disposed of.

On motion, duly made and seconded, it was

VOTED: That Article 1 be taken from the table.

There being no further business under Article 1 the Moderator declared it disposed of.

On motion, duly made and seconded, it was

VOTED: That the Meeting adjourn.

The Meeting adjourned at 9:30 P. M.

REPORT OF THE BOARD OF SELECTMEN

At the Annual Town Election, William F. Davis, Jr. was elected a member of the Board of Selectmen for a term of three years. At the first meeting of the Board held thereafter Harold M. Estabrook was elected Chairman, and James J. Golden, Jr. was appointed Secretary.

During the course of the year, the Board held fifty-two (52) regular and eight (8) special meetings for the purpose of administering the affairs of the Town. A brief resume follows of the more important matters acted upon by the Board:

Termination of W. P. A. Projects

In accordance with the directive of the President of the United States, all W. P. A. projects in the Town were terminated during the year. All steps necessary to an orderly liquidation of these projects were taken under the direction of the Board.

Public Administration Survey

In 1942, the Board engaged Public Administration Service to make a survey with respect to position Classification and salary standardization. This firm made an exhaustive study of the subject and submitted a detailed report to the Board, which in turn was presented to and accepted by the Annual Town Meeting. It is believed that this report has been of particular value to the Committee appointed pursuant to vote of the Town Meeting to study and report on the whole question of position classification and salary standardization.

Committee on Public Safety

Under the sterling leadership of Mr. Hollis M. Gott, the Committee on Public Safety has provided the Town with a complete system of civilian defense which is as highly organized and trained as any in the Commonwealth.

Mr. Gott and all of his associates are deserving of the very real gratitude of the people of Arlington, whom they have served so well.

In cooperation with the War Service Division of the Committee on Public Safety, the Board made available some sixteen (16) different parcels of land belonging to the Town for Victory Gardens. It is believed that the produce from these gardens helped materially to alleviate the food shortage which has been so critical during this war period.

Gift of Ambulance

Through the generosity of Mr. George A. Smith, the Town was presented with an ambulance in memory of Mr. Smith's father, Reverend Samuel Abbott Smith. This ambulance is to be made available to the Town for the use of persons falling into distress and in need of immediate relief. This gift satisfies a long-standing need of the Town, without imposing any burden on the taxpayers.

Roll of Honor Committee

Under the direction of Timothy J. Buckley, the Roll of Honor Committee raised funds by public subscription for the purchase, installation and maintenance of a permanent honor roll on which to record the names of those men and women in Arlington who have entered the armed services. On April 19, this honor roll was unveiled at a most appropriate ceremony, at which the Lieutenant Governor of the Commonwealth delivered the address of the day. To Mr. Buckley and his associates goes the appreciation of the people of the town.

Rationing Board

While the personnel of the Rationing Board continues with Harry J. O'Reilly, Chairman, Milton Estabrook and Earl E. Bolton, during the year Karl M. Place, George W. Hurley and Martin F. Roach were appointed to a Price Control panel by the Board, pursuant to a directive of the O. P. A. administrator. Mr. O'Reilly and his associates

have given unsparingly of their time and energies in the administration of the difficult and burdensome duties of the Rationing Board. Indicative of the efficiency with which they have conducted the rationing program is the fact that the total expenses incurred for a two-year period was but \$1,600, compared with an expense of \$8,000 incurred by a similar board in a smaller neighboring community for a one-year period.

Appointment of Committees

At the request of the Emergency Public Works Commission, the Committee on Advanced Programming and Planning, heretofore appointed by the Board, was designated as a Post-War Public Works Committee, with authority to proceed with the preparation of a post-war public works program to be undertaken by the Town as the need arises.

At the request of the Governor of the Commonwealth, the Board appointed a "Conserve Critical Resources Committee" and an Advisory Committee on the rehabilitation of Veterans of World War II.

Conclusion

The Board desires to record here its appreciation for the splendid services rendered the Town by Chiefs Bullock and Tierney of the Police and Fire Departments, and by their officers and men, to the heads and personnel of all departments in the Town under its jurisdiction, and to the members of the appointed boards and committees.

To our very able Secretary, Mr. James J. Golden, Jr., and his staff, we express our gratitude for the highly efficient, courteous and dignified manner in which the office of the Board of Selectmen has been conducted.

On June 23, 1943, Officer Felix Lopez died after serving with the Department since 1913.

On July 3, 1943, Sergeant Thomas R. White died after serving with the Department since 1921. In April, 1942, Sergeant White was granted a leave of absence to enter the Military Service, in which he received a commission as First Lieutenant attached to the Provost Marshal's Office at Boston. During the past year he was promoted to the rank of Captain and made assistant to the Provost Marshal.

On May 9, 1943, Officer Thomas J. Keefe, who had been a regular member of the Department since 1926, resigned to accept employment in private industry. The resignation of William J. O'Brien was accepted on January 15, 1943.

Provisional Sergeant William L. Olson was promoted to permanent Sergeant on September 1, 1943, to fill the vacancy left by the death of Sergeant Thomas R. White.

The following patrolmen were appointed to fill the above vacancies:

Officer Paul Campbell
Officer George Alexie
Officer Peter Greeley
Officer William White

JUVENILE DELINQUENCY

Much has been said and written on this subject and it is true that juvenile statistics, compiled by the Federal Bureau of Identification, show a decided increase throughout the country, but here in Arlington, a decrease of seventy cases has been recorded for the past year.

In my report on Juvenile Delinquency this year, which appears on a previous page, I have set forth the school area in which the juvenile lives, as well as the offense. This is done to show where the greatest amount of delinquency occurs and is no reflection on the school whatever.

I have found, through my experience with juveniles during the past twenty-three years, that the cause of such delinquency, in more than ninety percent of all cases coming to the attention of the police, is the lack of proper discipline and training on the part of the parents. The lack of properly supervised Play Areas is also a contributing factor in the delinquency problem.

The training of our Auxiliary Police Force has been continued during the past year, and the attendance at the Monday night meetings has been exceptionally good. A corps of eight instructors was organized (all except one being lawyers). Mr. Herbert Cronin, a former member of the Federal Bureau of Investigation, was assigned to head this group, which carried out an excellent curriculum of training throughout the year. I cannot commend these men too highly for their loyalty and giving of their time and ability to weld together such an efficient group to assist the regular department in any emergency.

I sincerely appreciate the assistance and cooperation of your Honorable Board, all the members of the Auxiliary Police, Officials of the Town Government, as well as those citizens of Arlington who have so willingly assisted the Department in its work during the year.

Respectfully yours,

ARCHIE F. BULLOCK,

Chief of Police.

REPORT OF THE FIRE DEPARTMENT

Honorable Board of Selectmen
Arlington, Massachusetts

Gentlemen:

I have the honor to present my Twenty-first Annual Report as Chief of the Arlington Fire Department for the year ending December 31, 1943

MANUAL FORCE

The manual force normally consists of 54 officers and men but due to resignations and inductions into the Service the force has been reduced to 50 men: the Chief, two Deputy Chiefs, seven Captains, one Inspector-Fireman with Captain's rating in charge of the Fire and Police Signal System, four Lieutenants, 35 Privates, one assigned to the Fire and Police Signal System, and two of whom are Military Substitutes; also a Department Surgeon, Dr. Edward W. Feeley, and a Department Clerk, Anna B. Hurley.

In September there were two resignations. Leslie W. Crowson, Assistant Department Mechanic, resigned to accept a position as auto mechanical instructor for the Belmont School Department. He became a member of the Fire Department May 12, 1935. William F. White resigned to accept an appointment to the Arlington Police Force. He was appointed March 14, 1943.

MILITARY SERVICE

On January 2nd and December 11th respectively, John C. Lax and Irving L. Proctor were released for Military Service. John M. Fahey, David T. Hughes and Albert G. Lennon entered in 1942.

APPARATUS

Two ladder trucks, four pumping units and a Special Service Unit are in active service.

Two 600-gallon trailer pumps are used by the Auxiliary Fire Department.

The Department responded to 161 Box Alarms, 549 Still Alarms (telephone calls), 119 Mutual Aid Calls (Out-of-town), a total of 829, 282 more than in 1942, and 60 more than in 1941, the greatest number of calls in the history of the Fire Department.

Special Signal 4-4-4 was sounded December 21st to call off-duty firemen and the Auxiliary firemen. At the time of this signal, apparatus from Somerville, Belmont and Medford had responded to alarms in different sections of the town.

AUXILIARY FIRE DEPARTMENT

On several occasions during our busiest year the Auxiliary Fire Department proved its worth. The men gave their services willingly when requested to assist the regular department in actual fire service and in addition, 30 of their members covered the stations from six o'clock in the evening to 8 o'clock in the morning for a total of 89 consecutive nights to augment the regular force depleted because of vacancies, sickness or injuries.

Thirty-three false alarms were sounded as compared with 9 in 1942, 23 in 1941, 14 in 1940 and 30 in 1939.

Alarms each hour of the day:

REPORT OF DR. FEELEY

Dr. Edward W. Feeley, Department Surgeon, attended injured firemen at stations and investigated all cases where firemen failed to report for duty because of sickness.

FIRE PREVENTION

Twice each month firemen inspected all places of business and public buildings, a total of 13,826 inspections.

Seven fires occurred in these regularly inspected places. Two of the fires caused a loss of \$3,287.51 and were of incendiary origin. The person responsible was later apprehended. Despite prevailing conditions, insufficient and rapidly changing help, it is remarkable that more and greater losses have not resulted.

Record of previous years: 8 in 1942, 4 in 1941, 6 in 1940, 3 in 1939 and 3 in 1938.

INSPECTION OF DWELLINGS

For the twentieth consecutive year, firemen inspected the cellars of every residence in Town.

Only six fires occurred in residential cellars as compared with 7 in 1942, 8 in 1941, 10 in 1940, 10 in 1939 and 11 in 1938.

In response to a nation-wide appeal for householders to save paper, quantities were found in nearly every cellar. However, they were so carefully and neatly packed that they provided a minimum of danger. When the present emergency is over I trust that storage of paper in cellars will be discontinued.

The following is compiled as a result of Dwelling House Inspections:

| 1943 | 1942 |
|----------------------------------|-------|
| 7,906 Total houses | 7,908 |
| 4,786 Single houses | 4,789 |

FIRE DRILLS IN SCHOOLS

Fire drills were given in public, parochial and private schools.

A record was made of the number of classrooms, pupils, exits used and the time required to vacate each building, a copy of which was sent to the School Department.

Records each year show that much attention is given by principals and teachers to the training of the pupils to

leave the buildings quickly and orderly in case of emergency.

Four hundred and nine fire extinguishers were recharged in schools and other public buildings, garages and factories.

RECOMMENDATIONS

I recommend that \$138,921.25 be appropriated for the year 1944.

To the Honorable Board of Selectmen for its unfailing support in all matters pertaining to the advancement of the Fire Service, to its capable and efficient Secretary, James J. Golden, Jr., to Town Engineer, James M. Keane, to the Police Department, to the officers and men of the Auxiliary Fire Department, and to my own officers and men for their loyalty and faithful performance of duty under all conditions, my heartiest thanks.

Respectfully submitted,

DANIEL B. TIERNEY
Chief, Fire Department

REPORT OF THE FIRE AND POLICE SIGNAL SYSTEM

Honorable Board of Selectmen
Arlington, Massachusetts

Gentlemen:

I have the honor to present my Thirteenth Report as Superintendent of the Fire and Police Signal System for the year ending December 31, 1943.

The salaries of the two men assigned to maintain this System are included in the pay roll of the Fire Department.

FIRE ALARM

Five open circuits and one loop cross occurred in the Fire Alarm System: two were caused by corrosion of underground cable, one by lightning which blew a fuse on the Protector Board at Fire Alarm Headquarters, one by workmen while replacing a 3-inch ell on North Union Street, one when elevator broke fire alarm conduit on wall, and the loop cross was caused by corrosion in the splice.

Lines were replaced on Walnut Street from Massachusetts Avenue to Gray Street, and on Gray Street from Mt. Vernon Street to Pine Ridge Road.

Underground cable was repaired at Massachusetts Avenue and Mill Street, 66-conductor splice corroded.

Auxiliary Fire Alarm Box 5512 in the Repair Shop of the Public Works Building was relocated when buildings were altered.

Eleven battery cells were installed for the Boston Mutual Aid Circuits.

The 8-inch steam whistle at the Metropolitan Pumping Station was overhauled.

Six sets of cards of fire alarm boxes and signals were

printed by the Firemen and distributed to the six Mutual Aid Communities.

POLICE SIGNAL SYSTEM

Police circuits were grounded at intervals caused by defective splicing at Massachusetts Avenue and Mill Street; also by damage to wires through contact with trees.

New batteries were installed for the Police Signal System replacing those purchased in 1934.

Painted fire and police boxes.

SIRENS

Two loop crosses on the Siren circuits were repaired, one at Summer Street near Mill Street and the other at Highland Axenue and Gray Street.

The switch controlling the Sirens was moved from Police Headquarters to Watch Room at Fire Headquarters.

The Siren at Broadway and Tufts Street was sent to the factory for repairs.

The audible fire alarm signals were sounded on ten occasions for air raid tests and at noon each day during the week of June 21.

Signals were arranged and set up at the Town Hall for the demonstration of the Air Raid Warning Report Center of the Civilian Defense Committee, March 8.

SPECIAL CALLS

- 24 Persons were admitted to their homes
- 5 Cats were rescued from trees or poles
- 56 Transfers were made of lines to new poles
- 4 Flooded cellars were pumped out
- 5 Automobile accidents required the use of winch on Fire Alarm Truck

A two-way radio in the Fire Alarm Truck enables Inspector Cameron to keep in touch with Fire Headquarters

while engaged in line construction work. He promptly responds to all emergency or special calls.

ADDITIONAL SERVICE

Helped to erect and place the Honor Roll at Monument Park.

Amplifier system was installed at Monument Park and at the Old Burying Ground, Pleasant Street, for Patriots' Day Exercises.

Arranged amplifier system for the Honor Roll Dedication at St. Agnes Church.

Floodlights were provided at Broadway and Alton Street for the Block Dance sponsored by the Recruiting Officers of the United States Coast Guard; for the opening of the Third War Bond Drive at Massachusetts Avenue and Pleasant Street, and for the Waste Paper Drive while freight cars were being loaded at Freight Yard.

The lights on the Town Clock, Pleasant Street and Massachusetts Avenue, which had been turned off May 7, 1942 due to the Blackout Regulations, were again lighted on November 3, 1943.

Amplifier system was installed at Fire Headquarters for the Christmas carols as the usual Christmas decoration and lighting were omitted.

RECOMMENDATIONS

For the year 1944 I recommend an appropriation of \$1,790.

| | |
|--------------------------|------------|
| 1943 Appropriation | \$3,790.00 |
| Expended | 2,781.34 |
| Balance | \$ 8.66 |

No fire alarm or police signal boxes were purchased due to the restriction on critical materials and only emergency repairs were made.

A chassis was purchased for the Fire Alarm Truck. The body, winch and other equipment were transferred from the old truck.

Storage facilities at Fire Alarm Headquarters being inadequate, it was necessary to hire additional outside space.

In conclusion, I extend thanks to Inspector Lester W. Cameron. Under his supervision, this important Division, the Fire and Police Signal System, is maintained and operated most efficiently.

Respectfully submitted,

DANIEL B. TIERNEY

Superintendent Fire and Police Signal System

REPORT OF THE INSPECTOR OF BUILDINGS

January 12, 1944.

To the
Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

I herewith submit my report of the inspection of buildings, plumbing and gas for the year ending December 31, 1943.

Three hundred and thirty-two building permits were issued, compiled as follows:

| | | |
|---------------------------------------|-----|----------|
| Garage and Storage building | 1 | \$500 |
| Garage | 1 | 190 |
| Barns | 2 | 335 |
| Henhouses | 15 | 595 |
| Shed | 1 | 120 |
| Shelter | 1 | 10 |
| Rabbit Hutch | 1 | 20 |
| Elevators | 2 | 2,117 |
| Temporary bleachers | 2 | |
| Additions & Alterations | 49 | 7,380 |
| Alter. 1-fam. dwelling into 2 | 2 | 75 |
| Alter. 2 stores into Misc. Hall | 1 | 195 |
| Alter. 1-car garage into 2-car | 1 | 185 |
| Chimney | 1 | 50 |
| Signs | 19 | 1,084 |
| Repair fire damage | 10 | 1,700 |
| Reroof dwellings | 202 | 42,265 |
| Reroof buildings | 6 | 843 |
| Demolish dwellings | 2 | 175 |
| Demolish buildings | 13 | 530 |
| | 332 | \$58,369 |

One hundred and eighty-four plumbing and one hundred and six gas permits were issued.

FEES

| | | |
|-----|------------------------|----------------|
| 332 | Building permits | \$336.00 |
| 184 | Plumbing permits | 198.75 |
| 106 | Gas permits | 53.00 |
| | | <hr/> \$587.75 |

There is little difference in the various cities and towns in respect to the curtailment of construction, and the above compilation will show how well the public in this Town has cooperated with the dictates of the War Production Board. At this time it is in keeping to make the assertion that some permits that might have been in violation of the W.P.B. Order L-41 have had to be reported to that Board. We are continuing to report the issuance of all permits which we believe to be in violation of said Order.

With the inability of obtaining experienced men to do carpentry work, many jobs have been commenced without first obtaining the required permission, which naturally has been a disturbing factor to this Department.

In addition to the above work, many inspections were made in the larger buildings, including places of assembly, and I have found in a large number of cases that exits have been improperly locked or were not available for use. Such orders were issued as would bring these buildings in compliance with the law on exits.

No violations serious enough for Court action have occurred.

I wish to thank your Honorable Board and all other Town officers for their cooperation throughout the year.

Respectfully submitted,

PAUL H. MOSSMAN

Inspector of Buildings

REPORT OF THE BOARD OF APPEAL

To the
Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

The Board of Appeal respectfully submits its Fifteenth Annual Report.

During the year ending December 31, 1943, three (3) appeals from the decision of the Inspector of Buildings have been made to the Board.

The Board affirmed the decision of the Inspector of Buildings not to grant a permit in two (2) Zoning cases, and annulled his decision in one (1) Zoning case.

Respectfully submitted,

FREDERIC F. LOW

ALTON F. TUPPER

THOMAS J. DONNELLY

Board of Appeal

REPORT OF WIRE DEPARTMENT

January 24, 1944

To the Honorable Joint Board of Selectmen
and Board of Public Works

Gentlemen:

I respectfully submit my fourth annual report as Inspector of Wires, for the year ending December 31, 1943.

STREET LIGHTING

Summary of street lighting in service December 31, 1942 — lights burning on the 4000 hour schedule:

| | | |
|--------|--------------------------------------|-------|
| No. 20 | 800 Lumen Incandescent Lamp | 1,440 |
| No. 50 | 2,500 Lumen Incandescent Lamp | 12 |
| No. 70 | 6,000 Lumen Incandescent Lamp | 156 |
| No. 75 | 10,000 Lumen Incandescent Lamp | 108 |
| No. 80 | 15,000 Lumen Incandescent Lamp | 30 |

Due to W.P.B. restrictions, no additions or extensions were made to our street lighting.

One No. 20—800 Lumen lamp on Forest Street, at the Arlington-Winchester line, formerly billed to Arlington was transferred to the Winchester account.

ORNAMENTAL LIGHTING

60 Watt multiple lamps burning until 2 a.m. 19

INSPECTION OF WIRES IN BUILDINGS

Three hundred and sixty-five (365) permits for electrical construction were issued at fifty cents for each permit.

There were four hundred and eighty-five (485) inspections of new and additional wiring made, and two hundred and eighty-six (286) installations approved.

In addition to the foregoing, in the last few months we have received one hundred and eighteen (118) reports of electrical defects from the Fire Department. These are now in the process of being corrected.

POLES AND WIRES ON STREETS

The Boston Edison Company and the New England Telephone and Telegraph Company replaced one hundred and fifty-one (151) poles during the year.

I again wish to thank your Honorable Board, the various Town Department heads and all others who co-operated with me during the year.

Respectfully submitted,

ROBERT L. REID

Inspector of Wires

Although there was a slight decrease in the number of scales and other measuring devices this year due to the general economic conditions, there have been 1095 weighing and measuring devices inspected, adjusted and sealed. 165 have been adjusted, 1 not sealed and 24 condemned.

There has been turned in to the Treasurer \$177.50 which was the sum collected as sealing fees. There was also received by the Treasurer \$100.00 as payment for Hawkers' and Peddlers' licenses.

I express my thanks and sincere appreciation to Town officials and all others who during the past year have in many instances very kindly cooperated with me in carrying out the duties of the department.

Respectfully submitted,

HERBERT L. HUTCHINSON

Temporary Sealer of Weights and Measures.

REPORT OF COMMITTEE ON PUBLIC SAFETY

It is with pleasure and a sense of genuine satisfaction that I submit herewith a brief report of the activities of the Arlington Committee on Public Safety for the year ended December 31, 1943.

The work of the Committee has fallen into two categories; those activities having to do with the protection of persons and property, whether from the results of enemy attack or other unforeseen disaster, which are included in civilian defense, and those closely related to civilian welfare in wartime living. These latter activities will be discussed under the headings of War Services.

In actual numbers our personnel is somewhat less than it was a year ago, with some 2,325 names appearing on the rosters. This smaller representation is due in part to the increasing numbers of both men and women who have entered the armed services while many others have gone into defense work of various kinds. Those who remain active in civilian defense have accepted cheerfully the added responsibility for covering those posts which have been vacated, but it is greatly to be hoped that other civic minded men and women will step forward to offer their services for this most important work of helping to protect our Town in case of emergency.

The past year has seen a number of appointments made in our organization. Among them are those of Brayton D. Fisher, to the position of Vice-Chairman of the Committee on Public Safety, Ernest W. Davis to serve as Chairman of the Protection Division, William H. Farrow to act as Training Director for the Town, Joseph Peterson as Testing Officer in charge of ARP incidents, Percy C. Farmer to the position of Medical Co-ordinator, Mrs. Fletcher Lawson to be in charge of the First Aid Unit, Miss Flora Haley as head of the Red Cross Auxiliary Motor Corps, Mrs. Paul Spiers to be Acting Canteen Chairman, Dr. Paul Ross as Senior Gas Officer, Mrs. Elmer E. Barber as Executive

Secretary of the Committee on Public Safety and Miss Mary Livermore as Secretary to the Chairman.

Our personnel have been mobilized during eight different tests, three of which have come during the daytime, with the others at night accompanied by blackouts. In addition, the Report Center Staff has participated in several CPX exercises which have involved practice in communications with the Newton Warning Center. On May 23rd, Arlington took part in War Games maneuvers, co-operating with members of the State Guard and Army representatives.

The Protection Division of our ARP organization is comprised of the Air Raid Warden, Auxiliary Fire and Auxiliary Police Units under the able direction of Ernest W. Davis.

Eleven hundred well-trained and well-equipped Air Raid Wardens are now ready, under the leadership of Chief Air Raid Warden Patrick F. Pallante, to go into immediate action in case of enemy attack by air. Of these, some three hundred are women whose training and activities have been supervised by Mrs. Frank P. Swett, Deputy Chief Warden. Numerous exercises have been held, giving practice to the Wardens on the street as well as the personnel who function at the Report Center. We are confident that, should bombs fall on Arlington, the public can be sure of prompt action on the part of the Air Raid Wardens who are assisted by some 150 Messengers.

With the lifting by the Army of dimout restrictions on November 1st, wardens were relieved of the arduous and none too pleasant task of enforcing dimout regulations. In this connection I am pleased to be able to report that Arlington has received the commendation of Army inspecting officers for the efficiency with which the matter of lighting restrictions was handled in the town. Businessmen and householders alike showed a general willingness to cooperate, and the relatively few violations of regulations were due mainly to forgetfulness. Should it become necessary at any

time in the future to restore dimout regulations, I feel confident that the townspeople would respond wholeheartedly.

Under the direction of Chief Bullock and Lt. Barry 308 men of the Auxiliary Police have put in a year of intensive training and active participation in our ARP mobilizations. These men are now thoroughly conversant with matters pertaining to both Civilian Defense and general police duties.

Pistol instruction has been carried on under the supervision of Sgt. Jacobs, and to date there are fifteen EXPERTS, sixty-seven SHARP-SHOOTERS and seventy-two MARKSMEN, under the same regulations as the Police Department. In addition to the training program members of the Auxiliary Police have enjoyed recreational activities which have included a soft ball league and a bowling league.

The work of the Auxiliary Firemen is not as well known as is that of some of the other units in our ARP program. The members of this group, of whom there are some 100 officers and men, have been subject to the same training as are the permanent members of the Fire Department, and are now thoroughly familiar with the operation of various pumping units as well as the proper use of all tools and appliances used in fire fighting.

The auxiliary firemen have responded well to all test air raid alarms, and have functioned efficiently in the handling of test incidents involving fires.

What is probably not fully realized by the public is the fact that these men are frequently called upon to report for duty which has nothing to do with ARP activities. According to the report of James M. Keane, Assistant Chief, auxiliary firemen have given a total of 2309 man hours of service to the Town, exclusive of test air raid alarms. They have attended training classes and drills, have covered various stations at night in the absence of permanent men, put in approximately 400 man hours during last April's large number of brush and grass fires, have operated the Auxili-

ary OCD pumps set up to pump water from the Eustis Street intermediate reservoir to the standpipe during the excessively dry season—all these and many other duties have been performed cheerfully and efficiently by these volunteer firemen.

December 31, 1943

Assistant Chief James M. Keane
Auxiliary Fire Department
Arlington, Massachusetts

Dear Chief:

I wish to express my deepest appreciation to a branch of the Civilian Defense, the officers and men of the Auxiliary Fire Department, who have performed nobly during a period in our National life fraught with grave danger.

These men submitted willingly to an intensive training in handling apparatus and equipment, acquiring the same knowledge known and practiced by our regular firemen. While we have been spared the ravages of war we now have a body of civilians equipped, trained, experienced and ready to augment the regular Fire Department in any emergency which may arise.

In this the busiest year in the history of the Fire Department, I particularly commend the Auxiliary Firemen for their assistance in fighting fires and for covering the stations from six o'clock in the evening to eight o'clock in the morning on eighty-nine consecutive nights when our personnel was reduced by vacancies, sickness or injuries.

Sincerely yours,

DANIEL B. TIERNEY

Chief Arlington Fire Department

Dr. Ezekiel Pratt, Chief Medical Officer, reports that the Medical Unit has continued to function admirably under the leadership of Percy C. Farmer, our Medical Co-

ordinator. Members have responded in force to all alerts, and practice drills have been held regularly during the fall and winter months. With an abundance of medical supplies from OCD, in addition to those purchased by the Town, and the gift of Mr. George A. Smith of a chassis for the ambulance body, the Medical Unit is well-prepared to operate efficiently in case of any emergency.

Loren W. Marsh, director of the division of Services and Supplies reports activities on the part of various sub-committees, namely Transportation, Shelter, Fuel, and Public Services. Particularly gratifying is the report that, acting with the Arlington Board of Public Works, the Fire Department and the Metropolitan District Commission, a fire hydrant has been erected about 150 feet from the Spy Pond end of Pond Lane. The inlet is in deep water and will not be affected by maximum winter ice conditions. Water will be available at all times to the pumping apparatus of the Fire Department and tests have given complete satisfaction.

Mention should also be made of various other units and committees in order that the picture of Public Safety activities be complete. These men and women continue to stand by, ready to go into immediate action should an emergency arise. The Red Cross is prepared to provide cots, blankets and transportation in case evacuation is necessary, with its Canteen unit equipped and ready to cooperate with the Emergency Housing and Feeding committee in the care of evacuees. Shelter-Aides of the Social Service committee are trained to assist in listing and identification of persons evacuated to shelters during air raids or other disasters. The Public Health committee continues to keep a watchful eye on the general health and welfare of the community. The Committee of the Clergy, Rescue and Demolition Unit, Bomb Reconnaissance Agents, Gas Identification Officers, Road Repair crews and Fire Watchers make up the remainder of those groups who, fully trained, are prepared to function smoothly and efficiently should Arlington be visited by disaster.

For the information of those members of our ARP personnel who operate outside of the Report Center, and to stimulate interest on the part of the general public, a demonstration of what transpires when mobilization is necessary was shown in two performances of "Arlington's Report Center in Action" presented in the Robbins Memorial Town Hall on March 8th and 9th.

Making use of the stage and the front of the auditorium, reproductions of the Report Center, a District base and the Police Department dispatching room were set up and manned for operation. A simulated air raid with its attendant incidents was staged, with all of the routine activities showing just what would happen were enemy planes to drop their bombs on Arlington. Finally, one incident was followed through in detail, with explanations of each step in the procedure by which damage was reported by the air raid warden, with police and medical units, utilities repair crews, and emergency housing and feeding units called into action.

Officials of the Massachusetts Committee on Public Safety, as well as representatives from other cities and towns in Region 5, attended the performance and were enthusiastic in their commendations.

Interesting exhibits were set up in the corridors of the Town Hall by members of the Police and Fire Departments, as well as the Medical Unit of the Committee on Public Safety.

It is worth mentioning that booths and other equipment used on the stage during the demonstration are now ready for use in the Alternate Report Center.

George Greim, Report Center Supervisor, was in charge of the demonstration.

Arlington has been most fortunate in the receipt of considerable equipment from the Office of Civilian Defense. Specific reference to type and quantity of the various items is prohibited under rulings of the Office of Censorship, but

we are allowed to state that generous allotments of first aid and medical supplies, fire fighting apparatus of various kinds, and other protection equipment have been issued to us.

We are permitted to say that the most recent assignment was that of a four-stretcher ambulance body. Through the generosity of Mr. George A. Smith, who donated a new 1942 Ford truck chassis in memory of his father, the ambulance body was mounted and presented to the Town in simple but impressive ceremonies on November 6th. Thus Arlington became the first community in eastern Massachusetts to have an OCD ambulance ready for operation in any emergency.

Through the courtesy and interest of the women of the Allied War Relief we have been given some twenty-six pairs of heavy duty crocheted mittens for use by members of the Rescue squad. These will be much appreciated if and when the occasion for their use arises.

The efficiency of our Report Center has been greatly improved by the installation of a large map of the Town which was the work of Joseph Peterson, Testing Officer and Deputy Chief Air Raid Warden. Similar maps on a smaller scale have been placed in each of the five District Bases, where they are valuable in plotting incidents which may occur in the individual districts.

As mentioned above, the War Services Division of Public Safety, with Mrs. Russell Hamlet as chairman, sponsors a program concerned with the ever changing picture of family and community life as affected by war conditions.

An important contribution of War Services has been the establishment of a "Registration and Information Center" in the basement of the Old Town Hall. This office is manned by a volunteer staff of ten women one of whom is always on duty between the hours of 1:30 and 5:00 P. M., Mondays through Fridays. As the name implies, the "Center" is prepared to furnish answers to questions of

every type. If the answer is not immediately known, the staff guarantees to find it and pass on the information to the questioner. Naturally most of these inquiries pertain to the war effort—victory gardens, canning, nutrition and salvage of all kinds. (It is self evident that the activities of War Services and the work of the local salvage committee are closely allied.

A fund of varied information is available at the "Center" in files of bulletins and pamphlets, lists of all local organizations and some Boston bureaus, details of Red Cross and Public Safety activities, as well as a list of volunteers who stand ready to respond on short notice in an emergency. These willing workers have already helped in getting out books and coupons for the Rationing Board and in other volunteer tasks.

The Block or Neighborhood Plan, under the leadership of Mrs. Francis Chamberlain, provides a means of getting pertinent information to all families in the community in a short time. Over 500 women are cooperating in the Plan, and it is hoped that many more will offer their services to Mrs. Chamberlain.

Last spring, when rationing was imminent, War Services conducted lectures and demonstrations on "Meeting the Meat Problem" in three sections of the town, and during the first week of rationing many nutritionists acted as consultants in local stores, advising buyers on how to spend their ration points most wisely.

The Victory Garden project, with Mrs. Leroy Shaw as chairman, brought most gratifying results. Activities began early in the spring with a Victory Garden Rally at the Junior High East, where Prof. Paul Dempsey addressed a large and enthusiastic gathering of "old-timers" and inexperienced gardeners, providing much varied and helpful information. Shortly thereafter a survey was made of the town's available tractable land, and records show that there were 225 individual requests for garden plots. Following the national Victory Garden Plan, Mrs. Shaw and

her committee visited all of these gardens during the summer and early fall to determine how much food had been raised, how much preserved for winter use, and, finally, to inspect all plots to see that they had been left in good order, according to agreement. So satisfactory were the results from this program that many requests have already been received for the use of space for 1944 victory gardens.

In the interest of food conservation a canning project was organized with the cooperation of the Red Cross Nutrition chairman. Two refresher classes were held in May for those women who wanted to "brush up" on latest methods of canning and food preservation. Later, under the chairmanship of Mrs. Arthur Herrick, two canning centers were established at the High School and Gas Office. Here, with the competent supervision of Mrs. Roth, Red Cross Nutritionist, and Mrs. Hazel Cheever, Home Demonstration Agent of the Gas Company, 164 persons canned 7554 pints of fruits and vegetables. Over 4500 jars were put up at home by those who had learned correct methods at the canning centers.

Members of the Information Center staff take genuine satisfaction in their latest undertaking, "Home Hospitality". Working in close cooperation with the Boston USO, they are providing for the entertainment of service men and women in Arlington homes. Already many families have brought pleasure to others and real satisfaction to themselves in this program to "bring home to those away from home", and additional names will be most welcome at any time.

Mrs. Hamlet closes her report with the following statement. "We are continually building up the information in our files at the 'Center' in order that we may better serve the town now in time of war, and later during a post war adjustment. We earnestly hope that more and more of the townspeople will make real use of Arl. 3220."

Mr. Joseph Bevins, chairman of the Salvage Committee, reports that 265,000 pounds of tin and 250 tons of waste

paper have been collected in various salvage drives during the year, while the monthly turn in of waste fats has averaged approximately 6500 pounds. With regard to the fat collection it is gratifying to note that Arlington housewives have collected ninety-nine percent of the quota set for the Town.

Certificates of appreciation have recently been issued by the Town to everyone who has given volunteer service connected with our Civilian Defense activities. These certificates bear the signatures of the Chairman of the Board of Selectmen and the Chairman of the Committee on Public Safety.

In closing I should like to express my appreciation for the intelligent cooperation of all those who have given their services in the interest of Public Safety, and for their willing response to the various practice air raid alerts during the year. I recognize and pay tribute to the outstanding leadership of the unit heads who have in every way demonstrated their ability to carry the responsibilities placed upon them. I particularly wish to thank the Board of Selectmen for their moral and active support and to express my gratitude for the continuing assistance and never failing cooperation of Mr. Golden, Secretary to the Board of Selectmen. Without this concerted effort we could not possibly have reached the high point of efficiency which has won the recognition and commendation of State and Regional officials.

Respectfully submitted,

HOLLIS M. GOTTL

Chairman.

HIGHWAY DIVISION

In the Maintenance Department of the Highway Division, Seventeen thousand, eight hundred thirty-three and 54/100 (\$17,833.54) Dollars were spent for the Cleaning of Streets; and Four thousand, six-hundred ninety-five and 20/100 (\$4,695.20) Dollars for the Maintenance and Repair of Public Ways exclusive of Massachusetts Avenue for which an expenditure of Two Thousand, fifty-eight and 35/100 (\$2,058.35) Dollars was made.

There was expended this year for the Maintenance of Gravel Sidewalks, One thousand, five hundred thirty-eight and 68/100 (\$1,538.68) Dollars and for the Maintenance of Permanent or Granolithic Sidewalks, One thousand, three hundred sixty-three and 66/100 (\$1,363.66) Dollars.

The sum of Nine thousand, three hundred eight and 85/100 (\$9,308.85) Dollars was expended for Tar and Sand

Protective Treatment on the Tar and Gravel and older Macadam streets. In addition to this sum, Two thousand, eighty-five and 54/100 (\$2,085.54) Dollars was expended for Resurfacing some of the older pavements.

For the Care and Repair of the Storm Drain System the sum of Ten thousand, twenty-six and 11/100 (\$10,026.11) Dollars was expended.

STREET CONSTRUCTION

This year, due to Federal conservation of strategic materials and labor shortage, there were no streets recommended for acceptance by the Town.

At the request of the Salvage Division of the Federal War Production Board the collection of tin cans was continued by the Sanitary Division of the Public Works Department. This year five collections were made throughout the town and with the splendid co-operation of our townspeople the department was able to collect 104,905 tons of tin cans for which the town received the sum of \$629.83.

SEWER DIVISION

One hundred twenty-four and 40/100 feet of main sewers were laid during the year by the Public Works Department.

Nineteen particular sewer connections were made with the mains.

Details of regular sewer construction and maintenance will be found in Tables 4 and 5.

The Board takes this opportunity to express its appreciation to the various Boards, Town Officials, Department Heads and Employees of the Public Works Department for their cooperation during the entire year.

Respectfully submitted,

WILLARD A. WALLACE
JAMES R. SMITH
LOREN W. MARSH
Board of Public Works.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

The Fortieth Annual Report of the Joint Board of Selectmen and Board of Public Works for the year ending December 31, 1943, is submitted herewith, in compliance with the requirements of Section 3 of Article 3 of the Town's By-Laws.

At the Annual Town Election held March 1, 1943, Mr. William F. Davis, Jr. was elected a member of the Board of Selectmen, and Mr. Loren W. Marsh was re-elected a member of the Board of Public Works for terms of three years each and, by virtue of their elections, both served as members of this Board. The Board organized on March 8, 1943, with Mr. Harold M. Estabrook as Chairman and Mr. Willard A. Wallace as Vice Chairman.

The Board continued its policy of meeting bi-monthly, except during the months of July and August. In addition, two special meetings were held during the year.

Mr. Russell T. Hamlet was appointed as Town Counsel to succeed Mr. Geoffrey A. Sawyer, who resigned this position to enter the military service on February 15, 1943.

Detailed summaries of the activities of the departments under the jurisdiction of the Board are described in their respective reports which appear elsewhere in the Town Report. The information contained therein is further amplified by the following facts:

NEW STREETS

Because of the labor, equipment and material shortages, the program of constructing new streets was suspended in 1943. The impact of the war has also necessitated suspension of the program for the coming year.

STREET LIGHTING

The street lighting schedule was continued as in previous years. Additional lighting was not provided on public

and private ways because of the refusal of the War Production Board to permit the installation of such lighting extensions for the duration of the war.

After an intensive study and investigation of the various types of shielding equipment used in neighboring communities to comply with the Regulations on Dimout, the Board requested the Boston Edison Company to install fibre cones on all radial reflector-type street lights. These cones were installed at the Company's expense in the course of its regular lamp replacement schedule, and furnish a much greater lumen output of light on the surface of the ground than did the enameled bulbs that were used previously. Permission was given the Boston Edison Company to replace the interior type of shields used in the glass-enclosed street light fixtures with the newly adopted and approved exterior type of shields that meet the most recent War Department dimout requirements and provide a more effective street lighting than was obtained from the interior type shield.

SIDEWALKS AND EDGESTONES

In view of the closing by the W.P.A. of all project operations in the Town during the early part of the year, the sidewalk reconstruction program was continued in 1943 by the Public Works Department, under the provisions of law authorizing the assessment of betterments.

The continued restricted use of bituminous materials permitted only such work as could be performed with granolithic construction.

ITEMS OF GENERAL INTEREST

The State, County and Town each allotted the sums of \$1,000 for the maintenance, repair and improvement of ways within the Town during the year. The details thereof appear in the Report of the Board of Public Works.

The petitions filed by the Boston Edison Company,

the New England Tel. & Tel. Company and the Boston Elevated Railway Company for the location, removal and relocation of poles, the construction of conduits and manholes, and for attachment privileges for wires and fixtures, have not been as numerous as in previous years.

The Board granted a permit to the Arlington Gas Light Company to install, construct and maintain a gas main in Appleton Street, from Daniels Street to Paul Revere Road, where public convenience required.

Owing to conditions existing on account of the war, the activities of the Board have been largely curtailed.

As stated herein, there has been no action relative to the laying out of new streets during this and the coming year. The sidewalk reconstruction program was substantially reduced from that of other years, and no petitions were received for approval of plans of proposed layouts for the development of new territories within the Town.

Special attention, however, has been devoted by the Board to the development of a program of essential public works, including the construction, reconstruction and the maintenance and repair of streets, the reconstruction of existing sidewalks and other items of perhaps lesser importance, with a view to having a shelf of projects which could be started to provide employment during the transition period following the termination of the war.

Public works programs will continue interrupted for the duration of the war, and there will exist a large backlog of needed improvements in this field. So many necessary improvements will be needed that the danger of resort to "make work" is remote, especially where adequate advance planning for such improvements is undertaken in ample time to avoid the hurried consideration of projects. Fortunately, long-range planning and programming has been under way in this and other Town departments in cooperation with the Special Committee charged with that responsibility.

The members of the Board acknowledge with great pleasure the cordial cooperation of all Town officials, boards and departments and desire to express their sincere thanks and appreciation for the many courtesies extended. To the members of our staff, we pay a deserved tribute of praise in recognition of the diligent, efficient and faithful services performed.

Joint Board of Selectmen and Board of Public Works

REPORT OF THE TOWN ENGINEER

January 18, 1944

To the Honorable Joint Board of Selectmen
and Board of Public Works
Town Hall
Arlington, Mass.

Gentlemen:

The following is the annual report of the operation of the Engineering Department for the year ending December 31, 1943:

One sewer taking plan, 9 water taking plans and 1 cemetery taking plan were drawn up, approved and filed at East Cambridge; 11 lines and grades were given on public ways, 7 plans drawn, data compiled, and court attended in seven cases; 22 claims for personal injuries and property damage were investigated, pictures and measurements being taken; one hearing was attended at the County Commissioners; 7753.54 feet of water main, 124.4 of sewer main, 1240.78 feet of storm drain were laid out, final surveys made and record plans completed; 1 application for change in grade was approved; 1 new building was surveyed for zoning restrictions; 3 street grades were checked for sewer and water extensions; elevation was established for 2 buildings, and grade of 2 buildings were checked, 11 sketches were made for particular sewer locations, 454 lien requests were checked for the Tax Collector; 4 releases for property changes were drawn up and signed by abutters; studies were made for the extension of the sewer, water, and storm drain systems; surveys and plans were made for 6 fatal accidents caused by automobiles, 6 special sewer assessments were calculated and levied; 9 plans were received from Middlesex South District Registry of Deeds, and 3 from the Land Court, these being filed for future reference; 229 pictures were taken in connection with personal in-

juries and property damage claims; 104.17 cu. yd. of ledge were measured; 86 water service box location cards and 45 particular sewer location cards were completed; 584.4 feet of granolithic walks and 868.17 feet of granite curbing were staked out and measured for betterment assessments; 2208 plans were printed on Pease Ozalid Machine; 5 requests for abatement of assessments were investigated and reports made; new area in Mt. Pleasant Cemetery was surveyed; and study made for development; 3 changes in street numbers were approved; 6 precinct maps were made; Block plan corrections were completed; 20 new buildings were plotted on all plans; 4 descriptions were drawn for proposed changes in zoning; 2 Land Court layouts were checked; description was drawn for enlargement of Highland Fire Station site; lines and grades were given at Wellington Park, North Union Street and Florence Avenue playgrounds; 12 estimates of cost of installing granolithic sidewalks and granite edgestones were made and betterment assessments levied on all walks and curbs installed; contract plans and specifications were drawn for relaying reservoir supply line in Massachusetts Avenue from west of the Highland Fire Station to Mill Street and for the extension of extra high service main from Aerial Street to Old Middlesex Path. Lines and grades were set for these projects and quantities were figured for payment to contractors.

Contract plans and specifications were drawn for grading Florence Avenue playground; for walks and drive at Wellington Park; for wall and concrete steps at 1 and 1A Harvard Street; for drainage system at Town Garage; for painting grandstands at Warren A. Peirce playground; for painting chain link fence at Russell Park and for restoration of building on Brattle Court at Mill Brook.

Land damages were figured because of establishment of exterior lines at Venner Road and Spring Street and Glenburn Road and Hillcrest Street, plan and description of Hillsdale Road extension, description of cemetery taking at Sachem Avenue and vicinity, description and estimated

cost of proposed school sites on Park Street and Stowcroft Road were completed.

Studies and plans were made for improvement in surface water drainage on Tanager Street, Gloucester Street from Highland Avenue to Scituate Street and at the intersection of Florence Avenue and George Street.

Map was drawn showing location of all Police boxes for Police Department also plans were draughted showing proposed location of traffic lights at Pleasant and Irving Streets, stop signs at 9 intersections and islands at 16 locations.

Estimates were made for reconstruction of Appleton Street and Paul Revere Road where 24 inch Metropolitan District Commission water main was installed; for reconstruction of a portion of Brooks Avenue; for drives at Brackett School and rear of High School.

Massachusetts Avenue was cross-sectioned from Lowell Street to carbarn in anticipation of Boston Elevated track relay; quantities were figured and map drawn for surface treatment of public ways; survey was made at 27 Broadway in regard to defective wall; Town property lines were marked at 1083 Massachusetts Avenue and 418 Mystic Street; lot stakes were set on lots 115-116-117-118 Rublee Street and 231 Washington Street; drives were staked at Town Hall and Robbins Library and radiation was measured in Town Hall and Robbins House in connection with conversion from oil to coal heating.

Many plans were made and lots staked out for Victory Gardens in various locations and an Honor Roll was designed; construction and installation supervised and 3909 name cards made up; considerable work was done on a Post War Program; estimated quantities were figured on 37 private streets to become public ways a total length 4.14 miles, Chapter 90 reconstruction 7.09 miles, Chapter 90 maintenance 5.81 miles.

Quantities are now being figured for extension of the sewer, water and storm drains system; granite edgestones and permanent sidewalk installations, extension of the fire and police underground signal system; reconstruction of the older streets; surface treatment of other streets and many other projects and many maps and charts were prepared for the Arlington Committee on Public Safety.

During the year one employee severed his connection with this department, making a total of six that have left in the past 18 months.

I wish to take this opportunity to express my appreciation of the cooperation of the various Board members, Town officials, and employees of the department.

Annexed to this report is a table of general statistics pertaining to the Town and a list of public and private streets as of January 1, 1944.

Respectfully submitted,

J. M. KEANE,

Town Engineer

REPORT OF TOWN COUNSEL

December 31, 1943.

Honorable Joint Board of Selectmen
and Board of Public Works:

Gentlemen:

I herewith submit my report for that period of the year 1943 from March 22, the date of my appointment, to December 31, 1943, all in compliance with Section 3 of Chapter 3 of the By-Laws of the Town.

During the year there have been presented a number of claims, both in Law and in Equity, and some have involved Court proceedings. Your Counsel maneuvered some of the old claims for accidents so that they have been abandoned by the claimants; four were settled as authorized by the Selectmen, and one was disposed of in Court in favor of the Town. Two suits pending in Court against Cambridge and Somerville were disposed of in favor of the Town. A Welfare action by Cambridge against Arlington was disposed of by a small settlement, and a Welfare action by Medford against Arlington was abandoned by Medford.

Substantial amounts of money for aid rendered by the Board of Health or by Symmes Arlington Hospital and also for damages to Town property have been collected and turned over to the Town Treasurer.

The Town Counsel has been available at regular meetings of the Board of Selectmen and the Board of Public Works, has rendered opinions as requested by other Boards, Departments, Committees and Officers, has attended Hearings at State Boards and Commissions, and has been vigilant to all other matters affecting the interests of the Town.

For the kind consideration and cooperation extended to me by all the officials of the Town during the past year and especially to the Board of Selectmen and Board of Public Works, I desire to record my sincere appreciation.

Respectfully submitted,

RUSSELL T. HAMLET,

Town Counsel

REPORT OF THE PUBLIC WELFARE DEPARTMENT

REPORT OF TOWN PHYSICIAN

January 15, 1944

Honorable Board of Selectmen
Town Hall
Arlington 74, Massachusetts

Gentlemen:

I have the honor to submit herewith the report of the medical inspector of the Department of Public Welfare for the year ending December 31, 1943.

| | |
|---------------------------------|------------|
| Temporary aid | 584 calls |
| Old Age Assistance | 1241 calls |
| Soldiers' Relief | 76 calls |
| Aid to Dependent Children | 342 calls |

The total number of calls for the year 1943 was 2243. Therefore, for the current year there has been a decrease of 396 calls. This decrease involved every form of relief except Old Age Assistance in which there was an increase of 94 calls.

Respectfully submitted,

EDWARD W. FEELEY, M. D.

REPORT OF THE INSPECTOR OF ANIMALS

December 31, 1943

To the Honorable Board of Selectmen
Arlington, Massachusetts

Gentlemen:

I herewith submit my report as Inspector of Animals for the year ending December 31, 1943.

The Division of Livestock Disease Control did not ask for Barn Inspection on account of gasoline and tire shortage.

| | |
|---|-----|
| Number of Barns inspected | 1 |
| Number of Cattle inspected | 2 |
| Number of Dogs and Cats quarantined for biting | 151 |
| Number of calls made to release above quarantines | 174 |
| Total number of calls made on all animals | 326 |
| Number of heads sent to Laboratory | 1 |
| Number of heads declared positive of Rabies | 1 |

The rabies case which the Laboratory declared positive was a dog owned in Arlington for six months, coming here from California where it could have been bitten by a rabid animal before it came here. The dog was hospitalized in Boston about one week before the head was finally submitted to the Laboratory. There were no actual contacts in Arlington as the dog was generally on a leash. One dog was quarantined for possible contact for three months, but nothing developed and the animal was released. The case was discovered January 7, 1943—therefore no other cases are anticipated.

Our Rabies Clinic was well attended and dog owners apparently believe in the efficiency of vaccination.

I wish to thank the Board of Health and the Police Department for their hearty cooperation at all times.

Respectfully submitted,

CHESTER L. BLAKELY, M.D.V.

Inspector of Animals

REPORT OF DOG OFFICER

January 6, 1944

Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

I herewith submit my report as Dog Officer for the Town of Arlington for the year ending December 31, 1943, in accordance with Section 3 of Article 3 of the Town's By-Laws.

Complaints registered with me are as follows:

| | |
|----------------------------------|-------|
| Dogs impounded | 296 |
| Court complaints | None |
| Dogs destroyed at pound | 12 |
| Dogs returned to owners | 78 |
| Dogs contacted on Warrant | 763 |
| Dogs caused to be licensed | 483 |
| Dogs licensed | 1,976 |

Complaints registered with me to remove dead or mutilated animals from the highway are as follows:

| | |
|-----------------|-----|
| Dogs | 96 |
| Cats | 188 |
| Skunks | 37 |
| Pigeons | 38 |
| Squirrels | 5 |

At this time I wish to thank the Board of Selectmen for advice rendered me in settlement of controversies arising between dog owners and complainants, and to thank Chief Bullock for his splendid cooperation through his department.

My thanks to the dog owners of Arlington for prompt attention in the licensing of their dogs during the past year.

Respectfully submitted,

SAMUEL F. FEMIA,
Dog Officer, Town of Arlington

REPORT OF DENTAL CLINIC

Board of Health,
Arlington, Mass.

Gentlemen:

A report is herewith submitted of the activities in the Board of Health Dental Clinic for the year ending December 31, 1943.

The dental operator from January 1, 1943 to June 18, 1943 was Ernest R. Brooks, D. M. D. and from June 20, 1943 to December 31, 1943 was Carl J. Donlon, D. M. D.

The usual examinations of first-grade pupils was made in September in all schools, Public and Parochial. It was found that 62% of the 579 pupils examined needed dental treatment. Notifications were sent to the parents of these children.

The principals of the grade schools co-operated in the usual way by keeping the quota allowed each school attending the Clinic. Parents with pre-school children were encouraged to start dental treatment for any two years of age and up.

Following is an itemized statement of operations, patients treated and dismissed, and hours spent on the treatment:

REPORT OF THE PLANNING BOARD

The Planning Board respectfully submits herewith its annual report for the year ending December 31, 1943.

At the Annual Town Election held Monday, March 1, 1943, Serovp P. Basmajian and Herbert M. Dutcher were re-elected as members of the Board for three year terms.

The Board organized on Friday evening, March 5, 1943, with Harold C. Knight as Chairman and Charles H. Bowker as Secretary.

The Board was represented by its Chairman on the "Special Parks and Playgrounds Committee" and the "Advanced Programming and Budgeting Committee".

The Board has continued membership in the Massachusetts Federation of Planning Boards and has maintained contact with the State Planning Board.

During the year eighteen Board Meetings were held, the major portion of the time being spent on the study and revision of the "Town Zoning By-Laws". This project has not been completed but is being continued.

This is the second year that the Board has not received any request to hold a "Public Hearing" on matters pertaining to the changing of the Town's Zoning By-Law. This, we believe, is attributable to "war time" conditions.

The Board met several times with Paul H. Mossman, Inspector of Buildings, to discuss Zoning Problems, which was of help in framing the revised Zoning By-Laws.

The Board desires to express its appreciation to the Inspector of Buildings and the Town Engineer for their cooperation and to the Park Commissioners for the use of their office.

Respectfully submitted,

HAROLD C. KNIGHT, Chairman
CHARLES H. BOWKER, Secretary
SEROVP P. BASMAJIAN
FRANK L. LINCOLN
HERBERT M. DUTCHER

REPORT OF PARK COMMISSIONERS

In accordance with Section 3 of Article III of the By-Laws of the Town of Arlington, the Board of Park Commissioners herewith respectfully submits its forty-eighth annual report for the year ending December 31, 1943.

At the annual town election held Monday, March 1, 1943, Mr. Everett J. Henderson was elected a member of the Board of Park Commissioners for a term of two years, and Mr. Edward D. Buckley was elected for a term of three years.

The Board organized on Monday evening, March 8, 1943, with Mr. Nils G. Anderson as Chairman, Mr. George D. Higgins as Superintendent of Parks and Playgrounds, and Miss Ruth Cannell as Clerk.

The regular meetings of the Board are held on Monday evening of each week at seven-thirty o'clock for the purpose of considering routine matters, consulting the officials of the several branches of the Town Government and special committees thereof, the Chairmen of the Town Meeting Members of the several precincts, and citizens of Arlington.

At the Ethel Wellington Playground it has been possible this past year to complete the driveway and walks; war restrictions on the purchase of materials had delayed this work.

A special appropriation voted at the annual town meeting made possible important work on the Florence Avenue Playground. This area was brought up to sub-grade, loam was spread, and grass seed planted. The Board also arranged for the setting out of trees around this playground and hopes to continue this planting. The Board is also considering the fencing of this property on the Florence Avenue side to prevent automobiles being driven in on the area.

The land known as the Purcell lot has been subgraded, and a drainage problem on the area has been corrected. A temporary backstop has been erected. The Board hopes to complete work on this playground during 1944.

The Board arranged to have the woodwork of the large grandstand at the Warren Peirce Playground repaired and painted. At the Special Town Meeting held in November, it was voted to place the temporary grandstand at this field under the jurisdiction of the Park Department, and the Board expects to put this stand in good repair during the coming year.

Alterations have now been made on the fence around the monument located at the corner of Mystic and Chestnut Streets.

The property at Robbins Farm has been used extensively during the year. Sports activities consisted of shuffleboard, horse shoes, baseball, croquet, etc. Moving pictures have also been shown. There was an average daily attendance of 150 children and adults using this playground area during the year. At a field day celebration, held at the end of the season, there were over 1,000 people in attendance. It is interesting to note that supervision of Robbins Farm playground has been by civic-minded neighbors, who have been appointed by the Park Board. A drinking fountain has been installed at the Farm.

At Robbins Farm this past year there were 66 Victory Gardens, which produced 1,100 bushels of vegetables, 600 pounds of pumpkin and winter squash, and small quantities of other unusual vegetables; from this production 9,108 pints of food were canned; the cost to the gardeners was \$593.75; the value of the crops was estimated at \$3,352. There were 234 members of the gardeners' families who worked on this area, all of these persons being neighbors living in the vicinity of Robbins Farm. Plans are now underway to carry this Victory Garden program into effect in 1944.

A skating area at the Ethel Wellington Playground proved to be satisfactory and safe for the younger children. The Board is also maintaining skating areas at Hills' Pond and Meadowbrook Park. The Board has also experimented in flooding other areas.

It is the hope of the Board to improve the various playground areas of the town as promptly as money, materials and labor are available.

REPORT OF THE TRUSTEES
FOR THE YEAR 1943

To the Citizens of Arlington:

The report of the Librarian indicates some of the adjustments that have been made necessary by war conditions.

Conversion from oil to coal was made during the summer months. The cost for the conversion being taken care of by a special appropriation by the town.

The physical condition of the building has been looked out for with care, but only very necessary work has been done.

The Trustees acknowledge the gift of \$2,100, a partial payment of the bequest of Francis E. Thompson, of Arlington, Mass.

The Trustees have suffered a loss in the death of Mr. Edward H. Kittredge. Although a member of the Board for a short time, he had already identified himself very closely with the interests of the Robbins Library. The following is a tribute written by Miss M. Helen Teele, a member of the Board:

A TRIBUTE

Mr. Edward H. Kittredge was a member of the Board of Trustees of the Robbins Library for nearly three years and held the office of Chairman at the time of his death December 31, 1943. He brought to the duties of that office sound judgment and a full understanding of the aims and needs of the library. A lover of books, he found in a library a constant source of pleasure. His appreciation of art made him realize the worth of our print collection which he appraised with the intelligence of an art critic.

The Trustees sincerely mourn the loss of a man whose keen mind, wide interests and capacity for friendship made him an outstanding figure in all his activities. His

cordial greeting and kindly smile are among our cherished memories.

May this tribute be spread upon the records and a copy sent to Mrs. Kittredge.

For the Trustees

M. HELEN TEELE.

The Trustees express keen appreciation to the Librarian and her staff for their cooperation and service in a trying year.

For the Trustees,

FREDERICK W. HILL,

Acting Chairman.

REPORT OF THE LIBRARIAN

For the Year 1943

To the Trustees of the Robbins Library:

I herewith present the report for the year ending December 31, 1943.

In the spirit of cooperation and in the interest of conservation a much shortened report is submitted.

Since the establishment of the Library (1835 in what was then known as West Cambridge) 108 years ago, the Library has continued to serve the Town in the spirit of its founders. Meanwhile it has added new activities suited to the times. As the town has grown from a small hamlet to a village and to a large town, the activities have grown. As the annual reports show, through the various wars it has made definite contributions.

In 1943 Arlington people have been most generous in sending quantities of books and magazines, also playing cards and picture puzzles to the library for the service men. These in turn have been sorted and sent direct to organizations who have use for them or to the collecting center.

Our Town has changed, one tenth of its population gone to war. Those left in the homes no longer are leading leisurely lives. Everything connected with their lives has been attuned to war needs. The Library has had to make changes not only in the type of books but also in some forms of service.

Books other than seven-day fiction (Fiction in the library less than six months) are issued for four weeks without renewal privilege. By eliminating the renewal of books in person or by telephone, the telephone has been freed for other uses for at least two hours per day as well as the time of an assistant.

The library has tried to anticipate problems and ahead of the need, have the right book and improved service ready. Giving this service has often meant using the resources of

other libraries, therefore many books have been borrowed through inter-library loan. While our collection of books is small compared to many libraries in towns of our size, the library has loaned books of plays, biography and travel to nearby libraries.

The year has proven a difficult time to maintain and operate on our pre-war standards. Lack of fuel closed the Main Library one day a week and curtailed the evening library hours by an hour, from middle December until early Spring. The hours at the Dallin Branch were also drastically cut.

With a much reduced staff it has taken self-sacrifice, adaptability and plain hard work on the part of the staff to man the desks and carry on the mission of the Public Library; that of being an integral part of the educational system, a source of helpful recreation and information.

December 8th marked the completion of a full year of service to the Symmes Hospital, a service which has had happy and gratifying results. 1,587 books were distributed to patients and nurses.

The children of all sixth grades were given instruction (from one to four lessons) in the use of the Library. All came to the Main Library or its Branches except the Brackett and Peirce Schools.

64 classroom libraries were sent to school rooms.

10,750 books were circulated for home use. Two classes from the Junior High Center also received instruction. Other classes visited on special occasions.

Story Hours were held at the Main Library, Dallin Branch and in September one was started at the East Branch.

Four Puppet Shows called many children to the Library, as well as a Spring Festival.

Good Book Week; exhibits of the season's outstanding books shown in the Junior Library and at the Dallin Branch.

Open House for parents on one evening at the Main Library and Dallin Branch.

Although the use of the hall was curtailed by the shorter library hours, the hall was used many times by clubs, both civic and literary.

Library turned back to the Town December 31, 1943 \$2,149.36 from fines, \$145.98 from other sources. Total, \$2,295.34.

To those individuals and clubs who have brought happiness and pleasure to the Library by gifts of flowers, plants, books and money, there is gratitude.

We express our appreciation to our local papers for continued publicity.

As we look to the future,

What are our plans?

A room arranged for the display and better use of art books.

Better lighting for the stacks.

A well-equipped Branch Library for East Arlington.

Added to this plenty of books and a staff of adequate size to carry out all future functions of the Library.

The year brought changes in the staff. Long illnesses and the resignations of four experienced librarians presented difficulties in administration.

Miss Rachel Mary Santoliquido had been with the library since June, 1936,

Mrs. Margaret Webster Erskine since July, 1931,

Miss Jeannette Favreau since March 1928, and

Miss Miriam Wight since July 2, 1942.

Mrs. Mildred Fenton Sayward, a Simmons College graduate, joined the Library Staff, August 23, 1943, and Miss Margaret V. White was employed May 3, 1943 and six months later became a member of the staff.

In reviewing the work of the year I am mindful of the cooperation and advice of the Trustees and I wish to express my grateful thanks.

To my assistants I wish to acknowledge their faithful service, their loyalty and endeavor to give the best possible service.

Respectfully submitted,

LUCINDA FIELD SPOFFORD,

REPORT OF THE CURATOR OF THE ROBBINS PRINT COLLECTION

For the Year 1943:

To the Trustees of the Robbins Print Collection:

Other activities being mostly in suspension, the work of card cataloguing goes quietly on. Thousands of portraits have been card-indexed, and those later to be matted are being kept separate from the vast bulk of the collection. Although there is a fairly large supply of mat board on hand, only a few mats have been cut this year; for more storage cases will be needed for an increased number of mounted prints. Research in the field of obscure artists and portrait subjects goes steadily forward, with many hours spent at the art museum in its large collection of catalogues and reference books.

Eighty portraits — etchings, engravings, mezzotints, lithographs and wood engravings — are still on exhibition in the print gallery upstairs, and during the year two small groups of portraits were shown in the Library art gallery.

In July a gift of fourteen wood engravings by William Baxter Closson came to the Robbins collection from the Grace Gallaudet Closson Estate. These are listed among the new accessions given below.

The following portraits have been added to the Robbins Collection in 1943:

Wood Engravings by William B. Closson:

Alexandra, Queen of Great Britain
Ralph Waldo Emerson (Two impressions)
George Fuller
Oliver Wendell Holmes
Jenny Lind (Two portraits)
Henry W. Longfellow (Three impressions)
Theodore Robinson

Henriette Sontag (Two impressions)
Louis Adolphe Thiers

Etchings by Wenzel Hollar:

Bindo Altoviti 1649
Richard Bernard 1641
John Henry van Craenhals 1649
Jacob van Es (Essen)
Catherine Howard (?) 1648
Nathaniel Nye 1644
Countess of Southampton (?) 1642
Countess of Surrey (?)
Johannina Vesella 1650
Frans van den Wyngaerde 1651

Etching by Carl Larsson:

Anders L. Zorn (Swedish painter and etcher) 1897

Drypoints by Walter Tittle:

Arnold Bennett
Bernhard Berenson
Duveen, Lord Joseph, 1st baron of Millbank
Jacob Epstein
Jean Louis Forain 1923
Sir John Lavery
Bruce Rogers 1940

It is with genuine regret that the curator records the loss of a friend to the Robbins Collection, in the very recent death of Mr. Kittredge, whose interest in the fine arts was widely known and appreciated.

KATHRYN M. ACHUFF,

Curator.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Arlington:

Your School Committee has the responsibility of maintaining a high grade school system with due consideration for the personnel of the School Department and for the taxpayers who furnish the money which makes the school system possible.

The Committee consists of nine members; three are elected each year for a three-year term. Of the present nine members, all have had service on the Committee varying in length from six to nineteen years. This is advantageous, as familiarity with the many problems which come before the Committee is acquired by the contact which comes through long service. The present membership is composed of two housewives, two teachers, a State educational director, a Custom House broker, a utility engineer, a banker, and a lawyer, a representative cross-section of Arlington's citizenry who, as parents and taxpayers, are in a position to consider all phases of the school problem. One of the present members, Mr. John P. Morine, who has been on the Committee six years, is now serving his country as a commissioned officer in the United States Navy.

The direct administration of the School Department comes under the Superintendent of Schools who is elected by the School Committee. The past year marks the first full calendar year under the administration of Mr. Clifford R. Hall, who began service in Arlington in 1942. The manner in which Mr. Hall has carried out his responsibility under difficult war time conditions assures the Committee that it made an excellent choice in bringing him to Arlington. Furthermore, the new Superintendent has shown an interest in Town affairs outside of the School Department, thus demonstrating that he will be a valued citizen of our community.

Much information about the operation of the School Department is included in the Report of the Superintendent immediately following this report. It is earnestly requested that all interested citizens read this report very

carefully to become better acquainted with the details of the school system. Particular note should be taken of certain situations which are the effect of the war upon the schools. These include the teacher situation; changes in curriculum, including vocational training and the physical training program; the work of the Guidance Department, and the comprehensive summer playground program.

As the total average membership of the pupils continued the downward trend of the last five years, present school accommodations have been ample this past year. The request of the School Department for money to purchase a lot in Precinct Seven, upon which to build one of two small schools to eventually replace the Russell School, was not approved at the Town Meeting in March. The second of the two schools is to be located in Precinct Nine, to be more accessible to the pupils of the northern section of that precinct. At last year's Town Meeting, the Committee was not in a position to recommend a definite location; therefore, no appropriation was requested. It is very desirable that this plan for a new school in Precinct Nine be carried out as soon as practicable, with the object of replacing the old Russell School.

At the opening of schools in September, all pupils in the Russell School were accommodated in six rooms, three on the first floor and three on the second, thus leaving the entire third floor vacant. This was accomplished not only on account of the small school enrollment but by the transfer of some pupils (with the consent of the parents) to the Crosby and Parmenter Schools. The closing of half of the rooms in the Russell School, particularly all those on the third floor, will effect a substantial saving in the fuel bill for that school.

With regard to the subject of school sites, it might be well to record existing parcels of land which are now held by the Town and which might be used by the School Department. At present, there are but two. The larger is the property on Pheasant Avenue, which consists of about 3.25 acres and was purchased in 1927 upon the recommendation of the "School Survey Committee", about the time a

rapid development was occurring in the vicinity. This development stopped rather abruptly and, with the relief of the Cutter School by the new Brackett School no further school building construction was needed. This land in question has value and there is a good chance of its future use by the School Department, although it is not in the right location for a new elementary school for Precinct Nine. The second lot is located at the corner of Forest and Summer Streets. It is not suitable for school purposes because of the nature of the land and its proximity to the Peirce School.

Last year's report included a list of twenty-two teachers who were on leave of absence to enter the Country's armed services. To this list should be added the following six names of teachers who left the department in 1943:— Charles H. Downs, Claire H. Johnston, Helen A. O'Brien, Charles J. Sheehan, James A. Smith, and Arthur L. Tuohy. Other changes in teacher personnel during the year were as follows:

Resignations:

Marjorie Williams—High School
Jennie Lantz—High School
Mary E. Shields—Junior High School East
James P. Sullivan—Junior High School East
Dorothy W. Byrne—Junior High School West
Eleanor B. Feerick—Junior High School West
Rita M. Hildreth—Brackett School
Hilda W. Kurvinen—Brackett School
Ruth A. Hickey—Crosby School
Mae R. Youngquist—Hardy School
Hazel H. Hey—Hardy School
Virginia H. Broadbent—Parmenter School
Lillian G. Layton—Peirce School

Retirement:

Louise J. Cooper, who began service in Arlington in 1922, and at the time of her retirement was a teacher at the Senior High School.

Leave of Absence:

Gladys M. Patterson—Cutter School.

Appointments:

Rosemary O'Neill—High School

Jean A. Hoyt, substitute—High School

John J. Sexton, substitute—High School

Regina Ahern, substitute—High School

Dorothy Hayman, substitute—High School

Howard Danforth, part-time substitute—High School

Benjamin E. Banks, part-time substitute—High School

Doris J. McCarthy, substitute—Junior High School
East

Lena Manning, substitute—Junior High School East

Jerome C. Buckley, substitute—Junior High School
East

Donald W. MacDiarmid, substitute—Junior High
School West

Charles J. Anton, substitute—Junior High School West

Charles P. Lawrence—Junior High School West

Alice P. Lally—Brackett School

Edith C. Wilson, substitute—Brackett School

Susan B. Guy, substitute—Brackett School

Mabelle Felch—Crosby School

Marion Slade, substitute—Hardy School

Helen L. Tees—Peirce School

Transfers:

Mary V. Donnelly—from Russell School to Cutter
School

Ruby M. Wilkins—from Russell School to Brackett
School

Ruth E. Wallace—from Brackett School to Parmenter
School

It is again a sad duty to report another distinct loss
to the School Department. In November, Miss Bertha W.

Richards, of the staff of the Junior High School East, passed away. A teacher in the schools of Arlington for twenty-nine years, she was an inspiration to pupils and co-workers. The children of that district have lost a good friend and wise counsellor.

The Committee wishes to go on record to express its appreciation to the entire School Department personnel for their work during the year. The many duties of normal times are magnified by war time conditions; as a result, unusual efforts are required to operate under such conditions. The performance of the Maintenance Department should especially be commended as the man-power shortage and the poorer quality fuel have made the work much more difficult. As in 1942, the School Department carried out the 1943 rationing programs most satisfactorily. Also, the work of the employees in the Superintendent's office has been conducted with its customary efficiency, including the rationing program and the increased payroll work necessitated by tax deductions.

As usual, it has been a pleasure to work with the other departments of the Town due to the spirit of mutual cooperation, which is evident in these contacts. It is the intent of the School Committee that the School Department shall be conducted in such a way as to be a credit to the Town and, from our contacts with the other departments, it is felt that this same desire motivates their actions. It is this spirit which has given Arlington the reputation of being a good town in which to live, and it should be the desire of all of us to maintain this reputation.

Respectfully submitted,

JAMES W. KIDDER

Chairman

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS FOR THE YEAR 1943

To the School Committee of Arlington,

Ladies and Gentlemen:

It is my privilege to submit for your consideration the following report of the schools for the year 1943. I am including in my report excerpts from the annual reports submitted to me by various principals and supervisors.

YOUTH AND THE FUTURE

Our young people can be challenged to look into the future by showing them that present plans, if well developed and directed, hold out the possibilities of a better life for all. We must help youth to develop an attitude which will include a recognition of the necessary sacrifices of the present in order that they may know the true value of Democracy. If they wish the protection and freedom available to them under our way of life they must be willing to sacrifice now. Rapidly changing conditions cause us to be confronted with problems in the planning of a school program. Our program must be adjusted to provide our young people with a full knowledge of the responsibilities that will be theirs when they become of age. During this war emergency some things must be curtailed, but our educational program must be retained and strengthened. We must avoid any curtailments which would handicap the youth of America who are now in our schools.

Through guidance we can help youth to discover the opportunities for participation in the armed forces, in industry, and in the professions. We can help them make intelligent choices of the parts they may play by means of a careful study of the needs of the times. They must be informed as to the standard required for success in various occupations and must be aided in formulating personal plans. To accomplish this the educational system must revise and revitalize its basic courses, especially mathematics, social studies including economics, and the sciences.

Some of the content has been found to be non-functional in terms of war and post-war society. This should be eliminated from the courses in the curriculum to make room for that which is vital. New courses should be offered to prepare youth with special abilities to fit into the more specialized work.

Schools should be alert to create new ways of aiding our pupils in understanding the duties of citizenship. They should have a proper conception of the terms "liberty" and "freedom." We should seize every opportunity to use the devotion to duty and country, which reaches its peak in wartime, to arouse enthusiasm for the best in future conduct in all civic affairs.

PERSONNEL SITUATION

Twenty-four of our teachers have entered the armed services. Their places must be maintained by substitute or duration teachers. To date we have been exceedingly fortunate in the calibre of teachers who are covering these vacancies temporarily. However, if the demand for man power increases to the point where teachers of physical education, mathematics, science and vocational subjects are taken into the Services, we will face a critical situation. It may be necessary to curtail some of the vital subjects we are now offering our young people. Our problem is further accentuated in view of the fact that, due to a drop in the school enrollment, we have twelve fewer teachers in the system than we had two years ago. Yet, we must maintain our organization to care for the twenty-four teachers who sometime will return from war service. It means that any additional vacancies occurring in the system, for any reason, especially in the junior and senior high schools, must be cared for by substitutes on a duration basis.

ADJUSTMENTS TO THE HIGH SCHOOL PROGRAM

As was anticipated, the effect of the war emergency has been greater at the high school than at other schools.

From the report of the high school principal the following paragraphs show these effects and the adjustments which have been made to meet many rapidly changing conditions.

"As we expected, the enrollment in the Senior High School has decreased during the past year. On September 28, 1942 the enrollment was 1706 and on September 27, 1943 it was 1542. This decrease of 164 is largely normal and due to the fact that the enrollment in the Senior High School reached its peak in 1940-41. Since then there has been a steady decrease in the number of pupils attending the Arlington schools. Of the fifty-six pupils who failed to return to the high school last September after completing the previous school year, twenty-one went to work, two joined the army, and the rest entered trade schools and private schools. It appears from these figures that while in other places over the country large numbers of children, tempted undoubtedly by large wages, have left school to go to work, a relatively small number of our pupils have done this. It is reasonable to believe that this number would have been somewhat larger if pre-induction courses had not been introduced in the school last year and added to this year. These courses are primarily for the purpose of giving the boys the kind of preparation recommended by the U. S. Army to make them more efficient soldiers. The subject matter taught is intensely interesting to the great majority of boys.

"This year the following pre-induction courses are included in the program of studies: Aeronautics (2 classes), automotive mechanics (3 classes), basic mathematics (3 classes), electricity as a part of physics (5 classes), mechanics as a part of physics, radio (2 classes), and shop mechanics (1 class). The number of boys who are taking aeronautics and physics is about the same as last year and the number taking automotive mechanics has increased by one class. Since the other pre-induction courses were added to the program of studies this year, the total number of boys enrolled in pre-induction subjects is considerably greater than last year.

"Another new course, war time nutrition, which every girl as far as possible must take this year, was started in October. The purpose of this course is to give information about the different ways of maintaining a satisfactory standard of nutrition for the members of a household during such a period of scarcity of certain foods as exists now because of the war. It is hoped that the girls will carry this information home where it will help their mothers in buying and preparing the food needed for a proper diet.

"Toward the end of last year, an obstacle course was built on the Warren A. Peirce Field under the direction of the Supervisor of the Maintenance Department and in accordance with army recommendations. This course is proving valuable in furthering the program started last year in toughening the boys in the school physically.

"It is evident from the above paragraphs, and from the fact that a very large number of the pupils are taking part in war-time services both in and out of the school, that we are accomplishing practically all of the aims of the High School Victory Corps, as recommended by the U. S. Department of Education.

"During the past year and so far this year the school has felt the impact of the war both directly and indirectly. The School Committee voted that any boy in the senior clas who left school to enter military service after January 31, (the end of the first half year) should be granted a diploma in June provided his school work at the time of his leaving was satisfactory. A considerable number of the boys were either drafted or, before reaching the age of eighteen, enlisted in some branch of the war services. Many of these boys, although eligible to receive their diplomas last June, could not attend the graduation exercises. This year a number of boys have already been drafted or have enlisted, and are not eligible to receive their diplomas because they have not finished the work of the first half year. To those of this group, a special diploma has been voted, and is made available immediately upon induction, certifying that the high school work has been completed to the date the boy enters the Armed Services. Since early last spring,

the shortage of employees to fill civilian jobs has become a growing problem. A large number of seniors were excused from their school work before graduation to take permanent jobs. This was bound to lower the quality of the work of some of the seniors who remained in school. This year the demand for help in civilian industry and commerce has been very strong. Although we have not made a practice of allowing the pupils to be absent from school in order to work, a very large number of pupils have obtained part-time jobs and many of these pupils are either working so many hours or are getting so fatigued that their school work is suffering. Here the parents can help greatly by not permitting children to take jobs that will interfere with their school work. Few children can carry a normal school program satisfactorily while doing outside work that requires four or five or more hours daily.

"We at the High School recognize the necessity of dealing with these problems as intelligently and sympathetically as possible. We shall continue to do all that we can to maintain a satisfactory standard of achievement in the school work of the pupils and to help them to live a normal school life that will mean so much to them in the future."

ACTIVITIES OF OUR GUIDANCE DEPARTMENT

The following is quoted from the annual report of the director of this department.

"The work of the Department has been geared to war-time needs. However, all those persons associated with the program are continuing to carry out the basic principles of guidance which will be of value to Arlington boys and girls, when the day of peace arrives. In the following paragraphs you will find enumerated the many ways in which guidance is helping Arlington Junior and Senior High School pupils.

"The Department has taken an aggressive attitude toward securing Armed Service information and making it available to all high school boys. The director has written a report about Armed Service Induction as a result of visits to the Boston Induction Center and Fort Devens. This

report and other information is made available to all boys prior to induction. The Department has conducted examinations for the Army and Navy, sponsored meetings for Armed Service information, and is publishing a monthly bulletin of pre-induction news.

"In addition to keeping pupils informed about war occupations, monthly occupational bulletins, designed to tell pupils about post war jobs, are being issued. It is anticipated that separate occupation bulletins for Junior and Senior High School students can be prepared soon.

"The Department has continued to provide testing for groups and individuals as requested by school administrators. During the next few months a new testing program is planned which will insure all boys having sample tests prior to entering a branch of the Service. These tests are helpful as the boys are given similar tests soon after induction. Vocational aptitude testing has been extended to reach more pupils.

"Due to man-power shortages, the Department has made more placements than ever before. In addition to serving private industry, the Department has found student workers for the Post Office Department, Arlington Public Works Department, and local public utilities. A successful farm labor placement program was completed. In spite of the heavy demand for part-time workers, Guidance Counselors have continued to consider the welfare of the pupil when making placement contacts.

"The Department recently compiled a pamphlet of College, Business and Technical School entrance requirements. Bulletins telling about the requirements for nurses' training schools, trade school courses and opportunities therein have also been issued. These articles help junior and senior high school pupils to plan more carefully their school programs.

"The guidance course of study in the several junior high schools has been strengthened through the use of more guidance materials. Additional reference books will soon be made available for junior high school use. The director

rearranged his schedule to allow more time to assist pupils and teachers of grades seven to nine.

"A high school survey has been completed recently to provide pupil extra curricular activity records. These records are helpful in completing Armed Service and other questionnaires. Another survey was conducted to determine how many high school pupils were employed, their kind of employment, the hours they worked and their estimated earnings. Of the replies received, it is estimated that 63 per cent of the boys and 57 per cent of the girls are employed. Their total weekly earnings exceed \$7,000. The average weekly pay of the boys is \$11.23 and of the girls \$7.54. The latter figure would be several dollars a week higher were income from domestic work separated from income from business positions.

"All 1943 high school graduates were recently followed-up by mail. An offer was made to provide any assistance needed to solve work or school problems and in several instances, personal contacts have been made to help former pupils. In some instances a Guidance Counselor has contacted the graduate's employer or college dean to help in matters of adjustment. The director has held evening conferences at his office or home, for graduates, drop-outs and others who could not come during office hours. During the past summer, due to war conditions, he was at the office each Saturday morning for pupil conferences. The average number of pupil visits on Saturday mornings during the summer was fifteen.

"An annual survey of all college preparatory course students in grades nine to twelve is now being planned. Such check-up should help those pupils to better prepare for college entrance and should assist those not qualified for college work to change their course of study."

OUR JUNIOR HIGH SCHOOLS

The principals of our three junior high school buildings present the following as a report of educational activity for the present school year.

"The major change in our educational program was the introduction of specific instruction in penmanship in grade seven to replace the informal plan. Already class work reflects definite improvement. Two periods were added to the six previously assigned to English per week. These are to be used for penmanship and spelling.

"A new spelling text has been introduced in grades seven and eight. This provides for a definite study plan and follow-up of pupil's usage. The actual value of spelling can be measured only in terms of accurate use of words in daily written work, not in spelling tests.

"Much publicity has been given to the physical training program of our armed forces. The junior high schools have encouraged pupils to participate in the posture drills. These exercises are taught in gymnasium classes by the physical education instructors and then are daily practiced under student leaders. The aims are to help the pupil to secure physical efficiency and well being and to emphasize good posture.

"The schools have cooperated in war activities. Each school maintains a project for selling stamps and bonds. Minute Man Flags have been awarded to the West and the Centre for achievement in this important war work. Teachers issued War Books II and IV. It was necessary to temporarily close school to do this civic service. These gaps in one school year present a problem as to completion of courses when much time is lost. Men teachers from the town, particularly the East, have cooperated with the Draft Boards by acting as clerks at physical examinations.

"The war has also brought a problem in personnel. The schools are proud of the fact that many men, and women, too, have gone into the Army and Navy. There they have been recognized by being promoted to the rank of officers. However, this has left many vacancies to fill temporarily. The short time in which we have had to get a substitute at times has brought about an acute situation in getting a properly qualified substitute.

"For the coming year, we have two problems which we wish to undertake with serious study; first, the plan-

ning of efficient instruction in grammar to guarantee that our pupils will write accurately; secondly, the introduction of more drill and problem solution in mathematics. Both of these steps are in line with recommendations made by the Army and Navy after screening pupils for the V and A programs. The instruction in these two fields will probably require the introduction of new textbook material."

ELEMENTARY EDUCATION

The supervisor of our elementary schools reports below on various adjustments to the program of education in the first six grades of our school system.

"The present day philosophy of education demands that teaching begin at each child's level of development to make possible the fullest realization of his potentialities. There is a great difference in the learning capacity of children. Some make rapid progress in their studies and should be given an enriched program. Special thought has been given throughout the year to the needs of our pupils of superior ability. Through conferences, study, and extensive planning we have tried to provide challenging opportunities for this group. Certain knowledge must be learned, but we try to leave in every problem an opening for individual thought. As time goes on we hope to become more and more aware of our obligation to these "leaders of tomorrow." Some pupils make slow progress, but it is equally important that they be given work commensurate with their ability in order that successful achievement may be assured.

"Emphasis has been placed on pupil activity. Without doubt the school in which the pupils learn most is the school in which boys and girls are planning, organizing, contributing original ideas, assembling material, and carrying out enterprises. The teacher acts as a guide and friend, helping the children to meet their own needs. She lives with them, sharing experiences and making the learning-teaching process a cooperative endeavor. She must be as alert as the eager group about her. The teacher's task is

more difficult than the task of former days of teaching factual knowledge, but the outcomes are more satisfying. With this method the classroom, instead of being a lesson-hearing room, becomes a laboratory in which pupils participate.

"War and coming reconstruction call for changes in the Social Studies program. Teachers and administrators have worked during the year to plan a program which aims to clarify the issues and conduct of this devastating war and to prepare for the making of a just and lasting peace. The pamphlet entitled "Priorities for Elementary School Social Studies" prepared at Boston University, has served as a guide for the changes which we have inaugurated in the elementary grades. Classroom organization provides for democratic practices. In a variety of ways we have endeavored to develop in our young citizens an understanding and appreciation of the underlying principles of democracy and a realization that each individual has a part in maintaining and preserving it. Continuous study of pupils' reactions and group relationships should aid the teacher to determine what further experiences are needed to assure that measure of respect for the rights and opinions of others, which is basic to democratic living.

"The course of study in spelling which was distributed to teachers this year has proved to be a valuable aid in the spelling program. While it is definite enough in its scope to show teachers, and especially new teachers, what we are trying to accomplish, it is not expected to be so closely followed as to prevent provision for individual differences.

"Reading is a vital experience in the life of every child. Pupils who fail to learn to read are deprived of many pleasures and enriching outcomes which all children should enjoy. The intensive reading program, previously reported, has been continued with enthusiasm and efficiency. Revised editions of textbooks, workbooks, and teachers' manuals of our basic reading system have enhanced the joy of reading for the primary pupils because of the beautiful pictorial pages and the more appealing subject matter, and have delighted the teachers because of the

carefully organized material outlined in the manuals. The services of two reading specialists during the year were greatly appreciated by the elementary school personnel. Both specialists gave inspiring and instructive demonstration lessons and conducted conferences on progressive reading methods.

"The library is an important integrating factor in the child's educational experience. The pursuance of the enriched and expanded curriculum requires the use of many library knowledges and skills. In his use of library materials, an elementary school child should, as early and as far as possible, learn to work independently of the teacher and the librarian. This year our sixth grade pupils were scheduled for library periods at Robbins Library or at one of the branch libraries for class instruction. The pupils were taught how to select a book to read, where to find it in the card catalogue, where to find it on the shelf, and how to have it charged. They also had some instruction in the use of reference books. The librarians gave the basic lessons, and the teachers extended the work just as they do with the supervisor of special subjects. The real test is not what use a child makes of library materials in the presence of his teacher or the librarian, but what he does by himself. When he has learned to use library materials effectively, he has actually learned how to do something that he will need to do all his life."

THE MANUAL ARTS DEPARTMENT

"During the year 1943 much of the Manual Arts work has been in the form of defense activities. In the first six months of the year, the junior high schools were completing their quota of model planes for the U. S. Navy. At the Senior High School, pupils and teachers were busy constructing the following items for the Arlington Defense Committee:—twelve stretchers and five supply chests for the medical unit, one medicine chest for the new ambulance, seventy-five signs for the Victory Garden Committee, for use in the various garden centers in Arlington.

"The printing shops have printed many forms for use in the school department, in addition to many letters which have helped materially in the administration of the school department in its work of government rationing and other defense work.

"Beginning in September, the junior high schools, after completing their work for the U. S. Navy, started a program of general shop work. This work involves training in the fundamentals of sheet metal, home mechanics, electricity and woodworking. In addition to the encouragement of constructive ability, instruction in the Manual Arts offers unusual opportunities for the motivation of the study of design, drafting, physical sciences, mathematics, and social studies. Work in Manual Arts will, of course, in later years take on the nature of vocational training for those who have the necessary intelligence and aptitude. The need for vocational work is illustrated quite dramatically at the present time in our war production program. The need for a vocational school in Arlington was never greater than at present. Our school shops can be of great help in the war effort, by giving a greater number of pupils an acquaintance with tools. The introduction this year of pre-induction courses in aeronautics, shop work, and automotive work has been a major step to provide our students with materials, which will contribute directly to the dominant objective of winning the war. In the mechanical drawing work, many new projects have been introduced pertaining to the airplane. During the past five years there has been a gradual increase in the number of pupils electing mechanical drawing. Increased facilities in this work are of paramount importance."

THE JUNIOR HIGH INDUSTRIAL ARTS SCHOOL

The enrollment in this building has increased this year by fourteen pupils to a total of sixty-three. All of the pupils are members of the Junior Citizens' Club and the entire school functions under its constitution. Through this medium the boys and girls are given practical civic

training. It is my belief that this citizenship school is the best of its type in the State.

The program calls for a study of each pupil as an individual, a careful check on the pupil's abilities, aptitudes and interests and a plan for constructive readjustment of the individual, that he may take his place as a law abiding and self-supporting member of the community.

Pupils become acquainted with phases of community life through visits to town departments and places of interest. The Drum and Bugle Corps has a place on different programs in the town activities and has made several appearances during the year. Exhibits of work done in the school were a part of the educational program of the Arlington Woman's Club.

We trust that the public understands that although the per capita cost is higher than for other buildings, the money necessary for the administration of this type of education is a real investment. The results are shown in the building of character.

HOUSEHOLD ARTS IN THE SENIOR AND JUNIOR HIGH SCHOOLS

"Our chief aim continues to adapt our Home Economics Program to meet some of the war problems which are facing our homes. We are stressing the importance of saving, avoidance of waste, and needless buying, and the substitution of available products for many to which we have been accustomed.

"In the Foods classes the students are taught to plan, prepare, and serve simple low cost meals, emphasizing healthful food selection, nutritional value of foods, use of available foods on rationing basis, and the use of war time substitutes.

"With war time conditions ever before us, we are especially stressing in the Clothing classes renovation and remodelling, with the salvaging of any good woolen material, and adjustment of courses in order that garments may be chosen to meet definite immediate needs.

"There have been other valuable war time projects, including making of garments for the Arlington Allied War Relief and, during the fall, a great deal of canning by the Foods classes in all the schools. One of our most important war measures has been the introduction of a nutrition course for all girls in the Senior High School. The desire is to prevent malnutrition, and the aim to teach wise use of rationed foods and substitutions possible for those foods which are scarce or lacking. Of course, the basic principles of nutrition are stressed and their relation to health, growth and physical fitness."

INSTRUMENTAL MUSIC

Last September instrumental class instruction on band and orchestral instruments was offered in school time to pupils in the elementary schools in grades four, five, and six. Approximately one hundred and thirty-five pupils are enrolled in five of the elementary schools in these classes. There are no classes in three of the elementary buildings due to the fact that too few pupils requested instruction to warrant the formation of classes. It is evident from the progress made that the interest in this type of instruction will increase next year and that additional classes should be provided.

The High School band has made but two appearances this school year to date, at the football games with Belmont and with Melrose. In order to provide a band it was necessary to augment it by making up a majority of its membership from the junior high schools. The future of this band will be assured with the growth of the instrumental program inaugurated this year in our elementary schools.

OBJECTIVES AND RECOMMENDATIONS

In the report of a year ago, under this heading, a number of recommendations were made, several of which have been carried out.

1. We have cooperated with the war effort by an extension of pre-induction courses at the High School.
2. We are developing the civic course at the High School to include a program for the boys not intending to enter college, which will give them the broader foundation of trade training.
3. The physical education work has been broadened as a war fitness program, although this must be limited necessarily in some schools because of lack of facilities.
4. Our summer playgrounds were extended from a six week to an eight week period. This proved to be advantageous as a recreational and safety measure.
5. Development of instruction through further use of visual aids. Due to the emergency, much equipment necessary to the extension of this program is not available. When industry gets back to a peace time basis, teaching films on practically every school subject will be available and will be included in the course of study of all school systems.
6. The extension of instruction in instrumental music to include pupils of the fourth, fifth, and sixth grades of our elementary schools has been accomplished in several buildings where the number of requests were sufficient to warrant the establishment of classes.
7. Actual construction of a building or buildings is out of the question in the near future. However, it appeared to be a good business venture to purchase two sites where eventually buildings might be erected to house the pupils of the Russell School district, thereby abandoning this building. The reason for the request for two sites is due to the fact that it is assumed that a housing development in the future will no doubt include the farm section in the eastern part of the town and the unused land to the north and west of Morningside and Cutter Hill. A site at Beacon and Park Streets was proposed at the last annual meeting to care for this eastern area but was not approved. To

date there has been no agreement on a site to care for any development beyond Cutter Hill. In the meantime, some pupils from the Russell School were transferred to the Parmenter School where the enrollment is light, thereby eliminating the use of the top or third floor of the Russell building.

CONCLUSION

In conclusion, may I express my appreciation to our teachers and principals for their efforts in maintaining the high standard of our educational program at a time when so many additional burdens, essential to the war effort, are placed upon them. To the School Committee, may I say that it is a source of satisfaction to work in a system directed by persons whose sole object is providing sound educational opportunities for our young people.

REPORT OF TREE WARDEN AND
SUPERINTENDENT OF THE MOTH AND
TOWN HOUSE GROUNDS DEPARTMENTS

January 12, 1944.

The Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

I herewith submit my report as Tree Warden and Superintendent of the Moth and Town House Grounds Departments for the year ending December 31, 1943.

TREE WARDEN DEPARTMENT

In the spring of the year two hundred and seventy-seven (277) Norway Maples and thirty (30) European Linden trees were planted in various sections of the town.

Many of our Maple trees were killed and others partly damaged by Verticillium Wilt the past year. Control of this disease is difficult, since the Fungus is commonly distributed in the roots and trunk, and the application of sprays is not known to have any control value. Therefore, our only means of control is removing dead trees, and cutting off individual branches which have become affected. This disease is very contagious and after pruning operations are completed all tools have to be disinfected.

The severe winter of 1942-1943 also had a serious affect on the Maple trees, and a goodly number of them were winter killed which required removal. Trees that were found to be split from the frost were cabled and will eventually heal over.

The Telephone Company contracted with the Davey Tree Expert Co. this year to do its Cable clearing on Amsden and Trowbridge Streets, also Edmund Road. All

small branches interfering with their wires were pruned under my jurisdiction.

At the request of the School Department all trees at the Peirce School were trimmed.

Much damage was done to young trees on Hallowe'en night by mischievous children. Trees in some sections of the town were uprooted and thrown away, others were cut with knives, etc. The Police Department apprehended the boys and they were made to pay for the damages, which was turned over to the Town Treasurer.

Application for the removal of a 30 inch Elm tree at No. 244 Appleton Street was received and a hearing was held on the same; as there were no objections permit was granted and the tree was removed in due time.

Trees on many streets were trimmed and cut back so as to give clearance to high trucks and buses, many of which, in some sections have been hitting and scraping low limbs as they pass.

GYPSY AND BROWN TAIL MOTH DEPARTMENT

The regular winter work of the department, such as treating Gypsy Moth egg clusters and cutting off and burning of Brown Tail Moth nests was attended to as usual.

Wild Cherry trees were removed from many sections of the town in order to alleviate the Tent Caterpillar menace in the immediate vicinity. This species of tree seems to be their favorite food and the only way to get rid of them is by cutting down the trees, which are of no value. I would suggest to all property owners who have Wild Cherry trees on their estates to get rid of them at once, as it is the only sure way of exterminating the caterpillars.

All street trees in the town were sprayed at the proper season and Elm trees that showed any signs of infestation by the Elm Leaf Beetle were sprayed the second time. Private estates were sprayed when requested, the property

owner in turn making a remittance to the town for the cost of the work. As is the custom of this department, all property under the jurisdiction of the Park Department and that of the School Department was sprayed as usual. Requests were received from both the aforementioned departments for Poison Ivy spraying on different sections of their property. Said requests were complied with, each department supplying the insecticides.

The condition of the town in regards to leaf eating insects remains about the same as in other years. There has been spotted outbreaks of Gypsy Moth feeding, but I don't think that the Elm Leaf Beetle was quite as prevalent as it has been in the past. An outbreak of the Mourning-Cloak Butterfly, sometimes known as the Spiny Elm Caterpillar was detected on Davis Avenue, but was sprayed in due time and not allowed to spread.

At Menotomy Rocks Park it was noticed in the latter part of the summer, that the Oak trees were infested with the White Blotch Oak Leaf Miner and Lace Bug. Upon investigation I found that a Parasite had been working and in all probability the condition will be remedied this year.

TOWN HOUSE GROUNDS DEPARTMENT

The grounds bordering the Town Hall and Robbins House are also cared for by the personnel of the Tree Warden and Moth Departments. The general upkeep of the property was attended to as usual.

Due to the severe winter of 1942-1943 replacement of some of the shrubbery had to be made in the spring.

As has been the custom in past years, the men of the department acted as special officers in policing the grounds and keeping order during the Patriots Day celebration.

The base of the fountains on the front platform of the Town Hall were planted with flowers again this year and many favorable comments were received about them.

Due to renovations that were made in the Town Hall

heating plant, an addition was made to the driveway in the rear of the building, so as to have access to a newly installed elevator which is used for ash removal, etc. In making this driveway one tree and seven bushes had to be removed, but they were transplanted elsewhere on the grounds.

A watchman assigned by the Welfare Department was on duty around the grounds every evening from 5 o'clock until dark, and every Saturday afternoon and Sunday during the summer months. The grounds were also patrolled Hallowe'en night to prevent youngsters from congregating around the property and doing damage to the walls and shrubbery.

Removal of snow and ice from the front of the building, the driveway in the rear, and the walks going through the property was taken care of as usual, as well as the walks and driveways at the Robbins House. A wire fence was set up this year to discourage pedestrian traffic across the lawn during the winter months which proved its worth over and over again.

In conclusion, I wish to gratefully acknowledge the cooperation given me by the Board of Selectmen and its staff, the men of this department and all other departments of the town. I also wish to acknowledge and thank Lester W. Cameron of the Fire Department for the use of his equipment and his personal services in the removal of large roots and tree stumps.

Respectfully yours,

GEORGE M. DOLAN,
Tree Warden and Superintendent
Moth and Town House Grounds Departments
